Professional Summary

Bernadette is a Practising Member of The Academy of Experts and is listed with the RIBA (Royal Institute of British Architects) Panel of Experts.

Bernadette has over 35 years' experience in the construction industry and is a Chartered Arbitrator with extensive experience acting as an arbitrator, adjudicator, and expert witness. She is a member of the CI Arb Presidential Panel of Construction Adjudicators, the CI Arb Presidential Panel of Arbitrators, the SCMA Panel of Arbitrators, the HKIAC List of Arbitrators, the SIAC Panel of Arbitrators and the CEA Madrid.

Bernadette has undertaken comprehensive training in arbitration and alternative dispute resolution, including the MSc in Construction Law and Arbitration at King's College London, the CI Arb Diploma in International Commercial Arbitration, ICC Arbitration training, and the CI Arb Diploma in International Maritime Arbitration.

Bernadette holds the Cardiff University Bond Solon Expert Witness Certificate (Civil) (2021), the Cardiff University Bond Solon Expert Witness Certificate (Criminal) (2022), and the University of Aberdeen Bond Solon Expert Witness Certificate (2025). She has also completed the Bond Solon Discussions Between Experts training (2022) and the Bond Solon Scottish Law & Procedure course (2023) and a Bond Solon bespoke expert witness master class in criminal law and procedures (2023).

Bernadette has appeared in court as an expert witness and has also given evidence as a witness of fact before an employment tribunal in Sri Lanka.

Bernadette qualified as an architect in 1986 and gained wide-ranging experience in private practice with Laing Design, Marks and Spencer, and the specialist construction claims consultancy James R Knowles, before establishing her own practice, Barker Consultants, in 1993.

Bernadette's work encompasses appointments as an expert witness, mediator, adjudicator, and arbitrator, as well as roles under the CDM Regulations as Principal Designer and the monitoring of remediation works under the Building Safety Act.

Bernadette's expertise as a forensic architect is both broad and highly specialised. She has undertaken numerous expert witness appointments covering building defects, cladding issues, drainage matters, professional negligence, construction contracts, project coordination, health and safety, fire safety, regulatory compliance, and the Construction (Design and Management) Regulations. This wide-ranging experience ensures she is well equipped to address complex issues across the construction and regulatory landscape.

Expert Witness Services Summary

- Expert reports for cladding and fire safety defects, including StoTherm, Equitone, Corium, WM Zinc, Marley Eternit, Kingspan, and EPS systems (including s120 Building Safety Act 2022 relevant defects).
- Professional negligence (architects/designers), CDM duties, workmanship and specification, building defects.
- Single Joint Expert and party-appointed roles; advisory reports for adjudication/litigation.
- Attendance at meetings of experts, joint statements, and evidence to court/tribunals.

Expert Witness Appointments

2019-2025 (selected):

- 2025 - Preliminary advisory report: brick wall and parapet defects to a block of flats.
- 2025 - Preliminary advisory report: external cladding and cavity barriers to a block of flats.
- 2025 - Preliminary advisory report: roofing defects;

- 2025 Preliminary advisory report: professional negligence in relation to drawings and levels/flood zones.
- 2025 - Advisory report: professional negligence of architect for barn conversions.
- 2024-2025 - Apartment block: copper rainscreen, Kingspan K15, internal & external intrusive investigations.
- 2024 -Expert report: Improvement Notice, programmes: timber, zinc & copper cladding; fire stopping, cavity barriers, spandrels, render - time-critical remediation sequencing.
- 2024 - Expert report: Walkway at roof level: use of Kemper System and BSA s120 relevant defects.
- 2024 - Expert report: External levels and professional negligence of architect in relation to a commercial building.
- 2024 - Expert report: Breach of contract and duty of care by architect - RIBA Stage 4, 9-storey office block.
- 2023 - Expert report: Block with Reynobond ACM &Corium; fire doors, cavity barriers, compartmentation; FRAEW review; intrusive inspection. and BSA s120 relevant defects.
- 2023 - Expert report: Advisory report: Marley Eternit Equitone rain-screen cladding on 4-storey office block.
- 2023 - Expert report: Expert witness appointment re: care home fire and flat roof works.
- 2022-2023 - Expert report: Internal fire-stopping for four London blocks; professional negligence aspects.
- 2022-2023 - Expert report: Three apartment blocks (5-14 storeys):StoTherm EPS, K15, sheathing boards, cavity trays/closers & workmanship; intrusive inspections.
