The National Endometriosis Society
The International Pelvic Pain Society
British Medical Association

Current appointment: Consultant Obstetrician and Gynaecologist/ Honorary
from 1.3.02 Senior Lecturer, Jessop Wing of the Royal Hallamshire Hospital,
Sheffield

Clinical Experience: I am a 'generalist' with special interests in minimal access surgery. My areas of expertise are:

- the treatment of endometriosis with a special interest in Grade 4 (severe) disease. I am the Lead for the Sheffield Endometriosis Centre
- the investigation and treatment of abnormal uterine bleeding
- out-patient gynaecological procedures
- endometrial ablation techniques
- Hysteroscopy
- Laparoscopy
- Laparoscopic Hysterectomy
- Essure sterilisation and removal

I am accredited to perform advanced laparoscopic and hysteroscopic procedures.

I am the Regional RCOG training preceptor for Minimal Access Surgery and am involved in hysteroscopic and laparoscopic training locally and nationally.

Professional Development:

I am registered and fully up to date with the RCOG CME programme and have had a satisfactory appraisal in 2022. I was revalidated in December 2021.

Supporting Professional Activities:

I have been Clinical Lead for Gynaecology within the Trust.
I am a former Lead for Clinical Governance within the Directorate.
I am an advisor to NICE.

Research:

My areas of research are outpatient hysteroscopy, ambulatory gynaecology and endometriosis treatment.

Legal:

I have undertaken medico-legal work for over 20 years.
I accept 6-7 clinical negligence instructions per month, with a ~50:50, claimant : defendant split.
I have acted as a joint expert for large group actions.
I have contributed a chapter on laparoscopy to the book: "*Medicolegal Issues in Obstetrics and Gynaecology*", Springer.
I attend medico-legal training updates on an annual basis.
