E-mail: admin@generalpsychiatrist.co.uk

Current Role

Dr Loughlin sees private patients in Windsor, Sunningdale, Virginia Water and Guildford. He has admitting rights to the Cardinal Clinic in Windsor and practising privileges at Princess Margaret BMI Hospital, Windsor. He holds Approved Clinician status and can undertake Mental Health Act Assessments as a Section 12 Approved Doctor. He is trained to conduct consultant appraisals for revalidation. He provides insurance reports (health and occupational). In 2018 he completed UKAAN training to assess and treat patients with Adult ADHD.

Specialist Areas

General Adult Psychiatry: Affective Disorders (Major Depression and Bipolar Disorder), PTSD, OCD, Phobic Travel Disorder, Anxiety Disorders, Adult ADHD and Somatoform Disorders.

Older Adult Psychiatry: Mild Cognitive Impairment, Alzheimer's Disease, Vascular Dementias, Lewy Body Disease and Parkinson's Disease.

Medico-legal Practice

He prepares reports for personal injury, work related stress, post-traumatic stress, fitness to work, mental capacity issues, Lasting Power of Attorney and Testamentary Capacity. Reports comply with Woolf specifications. He has attended Bond Solon and APIL Courses on medico-legal report writing and has attended a Bond Solon Court Room Skills Course.

Research

Dr Loughlin led the development and opening of the Berkshire Memory and Cognition Research Centre based at the University of Reading in 2014. He has not been active in research since leaving his NHS post.
