

CURRICULUM VITAE
ALAN GORDON MAGEE

2021

Home address: Bishop's Fair
Northbrook Avenue
Winchester SO23 0JW

Work Address: Department of Adult Congenital Heart Disease,
University Hospital Southampton NHS Foundation Trust,
D Level North Wing, Mailpoint 46, Tremona Road,
Southampton SO16 6YD

Email magee.alan@gmail.com
alan.magee@uhs.nhs.uk

Telephone: Mobile + 44 7966390371
Home + 44 1962 860984

Medical School: Queen's University, Belfast 1976-1983.

Undergraduate Awards: Thompson Medal for first place in Medicine and Surgery
at final MB.
Megrath Scholarship in Medicine and Clinical Pathology.
Montgomery Travelling Scholarship.

Qualifications:

B.Sc. Biochemistry (Hons.)	1980
M.B., B.Ch. (Hons.)	1983
D.C.H. (Glasgow)	1986
M.R.C.P. (UK)	1986
F.R.C.P (Edinburgh)	2000
F.R.C.P (London)	2003
M.D. (Edinburgh)	2015

Affiliations and Societies: Royal Colleges of Physicians of Edinburgh.
British Congenital Cardiology Association.
Association for European Paediatric Cardiology
British Cardiovascular Society

GMC number: 2803999SR (CCST date 27th June 1997).

MPS number: 261658

Present Appointments:

Locum Consultant in Adult Congenital Heart Disease, University of Southampton NHS Foundation Trust, since July 2020. Bank doctor for Vaccine Research, Clinical Research Facility, Southampton.

Consultant Paediatric Cardiologist, the Harley Street Clinic Children's Hospital, London and Spire Hospital Southampton.

Immediate past President British Congenital Cardiac Association (BCCA).

Specialist Advisor, Care Quality Commission, since August 2014.

GMC Associate since January 2015.

UK national delegate Association for European Paediatric Cardiology.

Congenital Cardiology committee member British Standards Institute (BSI) to develop draft European standards for cardiac occluder devices.

Associate Editor, Congenital Heart International Professionals (CHiP) Network.

Previous educational roles:

TPD for Paediatric Cardiology, Royal Brompton Hospital, 2002-2012.

Chair, Paediatric Cardiology Specialty Training Committee at London Deanery from December 2009 to May 2013

Vice-chair, Paediatric Cardiology SAC, August 2008 to June 2012.

Chair, Paediatric Cardiology SAC, JRCPTB June 2012 to October 2017.

Clinical and Educational supervisor.

Medical student personal tutor, University Hospital Southampton, June 2013 to June 2020.

Previous national roles:

President British Congenital Cardiac Association, November 2017 to November 2019.

Clinical areas of interest:

Interventional catheter treatment of children and adults with congenital heart disease. I have performed over 2600 audited procedures as lead operator in children and adults.

Management of pulmonary hypertension in children.

Providing sustainable cardiac services for children in developing countries.

CT in congenital heart disease: organizer workshop to discuss the current and future role of congenital cardiovascular CT in the UK. May 2019.

Current Research interests:

Interventional catheter treatment of children and adults with congenital heart disease.

Previous Appointments:

- Consultant Paediatric Cardiologist/Honorary Senior Lecturer, University of Southampton NHS Foundation Trust, June 2013-June 2020.

- Consultant Paediatric Cardiologist, Royal Brompton and Harefield NHS Foundation Trust/Honorary Senior Lecturer, National Heart and Lung Institute, Imperial College School of Medicine. August 1999-June 2013.
- Honorary Consultant in Paediatric Cardiology, Guy's Hospital, London. November 1998-July 1999.
- Locum Consultant in Paediatric Cardiology, Guy's Hospital, London. September 1998-November 1998.
- Research Fellow/Honorary Senior Registrar, Department of Paediatric Cardiology, Guy's Hospital, London. August 1996-August 1998.
- Fellow in Interventional Paediatric Cardiology, The Hospital for Sick Children, Toronto. July 1995-June 1996.
- Core fellow in Paediatric Cardiology, The Hospital for Sick Children, Toronto. July 1993-June 1995.
- Research fellow in Paediatric Cardiology, Royal Hospital for Sick Children, Edinburgh funded by Scottish, Chest, Heart and Stroke Association. Feb. 1992-June 1993.
- Registrar in Paediatrics, Royal Hospital for Sick Children, Edinburgh and Simpson's Memorial Maternity Pavilion including 12 months Neonatology, 12 months General Paediatrics, 3 months Paediatric Neurology and 6 months Paediatric Cardiology. May 1989-Feb. 1992.
- Registrar in Adult Cardiology and Internal Medicine, Western General Hospital, Edinburgh. March 1988-April 1989.
- Senior House Officer in Anaesthetics and Intensive Care, Waveney Hospital, Ballymena, N. Ireland. August 1987-March 1988.
- Registrar in Medicine and coronary care, Whiteabbey Hospital. N. Ireland. August 1986-July 1987.
- Rotating Senior House Officer, Royal Victoria Hospital, Belfast. N. Ireland. August 1984-July 1987.
- House Officer, Royal Victoria Hospital, Belfast. N. Ireland. August 1983-July 1984.

Peer reviewed publications

1. Balloon expandable stent implantation for superior vena caval obstruction following surgical repair of partial anomalous pulmonary venous return: medium term follow-up. McCrossan B, Walsh K, Spence M, Magee AG. Accepted for publication IJC.

2. Severe Migraine Associated with Nickel allergy requiring surgical removal of atrial septal device. Fernandes P, Sharma S, Magee A, Michielon G, Fraisse A. *Accepted Ann Thorac Surg.* 2019.
3. Transcatheter occlusion of Partial Anomalous Pulmonary Venous connection with dual drainage to left atrium. Gangulahara M, Magee AG. *Accepted Ann Ped Cardiol.* 2019.
4. Bioimpedance spectroscopy measurements of phase angle and height for age are predictive of outcome following surgery for congenital heart disease. Marino LV, Meyer RW, Johnson M, Newell C, Johnstone C, Magee A, Sykes K, Wootton SA, Pappachan JVP. *Clin Nutr.* 2018; 37: 1430-1436.
5. Lloyd DFA, Ho SY, Pushparajah K, Chakraborty S, Nasser M, Uemura H, Franklin R, Magee AG. Persistent Fifth Aortic Arch: the "Great Pretender". *Cardiol Young.* 2018; 28(2): 175-181.

Invited Lectures

1. Cardiac Catheterisation: Why, When, How, Interpreting Values. Paediatric Critical care Study Day. Birmingham Children's Hospital Study Day, March 2021.
2. 'Clinical management of neonatal aortic stenosis: what is the influence of valve morphology?' Webinar Congenital Heart Academy, February 2021.
3. 'Closing challenging ASDs-technical modifications.' Emerging Structural Technologies, London 2020.
4. 'Not enough valves, not enough ventricles'. Department of Paediatric Cardiology, Drottning Silvias barn- och ungdomssjukhus, Gothenburg, Sweden September 2019.
5. 'Helping the World's Hearts: Chain of Hope'. Cardiac and Structural Interventions (CSI), Frankfurt, June 2019.
6. 'Percutaneous cardiac procedures in children: managing the unexpected.' *Children's Medical Centre, UT Southwestern, Dallas*, September 2018. Feedback from Division Chief: 'Your talk was great and well received by all members of staff.'
7. 'Practical skills for the Paediatric Cardiologist: pericardiocentesis and central venous access.' *Clinical skills centre, Royal Brompton Hospital*, June 2018. (devised concept, delivered lecture and manned simulation station). Feedback score 9.76/10.
8. 'Interventions on pulmonary veins.' *Wessex Congenital Cardiac Series, University Hospital Southampton*, April 2018. Feedback score 4.7/5.
9. 'Catheter interventions for congenital aortic valve disease.' *Wessex Congenital Cardiac Series, University Hospital Southampton*, November 2017. Feedback score 4.6/5.
10. 'PDA closure with the Occlutech device.' 2nd Annual Emerging Structural Technologies Conference, *Leicester*, February 2017.
11. 'Creating a congenital heart disease service in developing countries.' Our Ladies Hospital for Sick Children, February 2017.

12. 'Catheter Treatment for Congenital Defects – What can we offer?' The continuum of cardiac disease, *Department of Medicine, University of the West Indies, Kingston*, February 2015.
13. 'Aortic stenosis.' 42nd Nordic Pediatric Cardiology Meeting, *Gothenburg, Sweden*, September 2012.
14. 'Interventional treatment of Residuals in Children with CHD.' 8th Symposium on Interventional Paediatric Cardiology, *Deutsches Kinderherzzentrum, St Augustin, Germany*, April 2011.
15. 'Adults with Congenital Heart disease.' 4th Biennial Child Health Conference, *University of the West Indies, Kingston*, April 2010.
16. 'Hybrid in London.' 7th Symposium on Interventional Paediatric Cardiology, *Deutsches Kinderherzzentrum, St Augustin, Germany*, April 2010.
17. 'Treatment of heart failure in children.' Paediatric Cardiology Study Day, *Royal Society of Medicine*, September 2009.
18. Royal Brompton and Queen Silvia's Children's Hospital Joint Meeting in Congenital heart Disease, *London*, October 2008
19. 'ECG interpretation in paediatrics.' Paediatric Cardiology for Paediatricians Annual Meeting (PECSIG), *University of Exeter*, September 2008.
20. 'Congenital heart disease in developing countries.' Joint Meeting in Pediatric and Fetal cardiology, *Gothenburg, Sweden*, June 2007.
21. 'Stent implantation for pulmonary stenosis.' Transcatheter therapies for the adult with congenital heart disease, *National Heart and Lung Institute, London*, 2002.
22. 'Vascular stenting in coarctation.' Cardiothoracic Section, *Royal Society of Medicine, London*, November 2001.
23. 'Assessing the severity of Aortic and Pulmonary stenosis.' Masterclasses in Echocardiography 2001, *National Heart and Lung Institute, London*, October 2001.
24. 'Diagnostic and Interventional cardiac catheterization in the newborn.' Neonatal Cardiology 2001, *National Heart and Lung Institute, London*, March 2001.
25. 'Fetal echocardiography for the Obstetrician, Neonatologist and Sonographer.' *National Heart and Lung Institute, London*, April 2000.
