AMG Medico Legal Services

We at AMG take pride in knowing that a large percentage of our business is built on positive outcomes and client recommendations.

Established in 1985, we have over 33 years' experience offering a comprehensive, reliable and bespoke service within the medico-legal sector. All of our staff are committed to providing professional, high quality client focused advice and representation.

Our specialist expertise encompasses all areas of care from screening and liability to litigation before the civil courts including Quantum. We are able to provide high quality and detailed nursing liability screening reports that have been formulated within a structure specifically designed to meet CPR Part 35 specifications.

We can provide free estimates on request and offer flexible payment terms including deferred and fixed fee rates.

We also provide a Case Management service providing specialist assessment, rehabilitation and expert assistance to adults and children affected by catastrophic or serious injury.

Our Expert Witnesses cover all areas of the UK and some are happy to travel abroad if required

If you are looking for immediate appointment availability or wish to discuss our range of services further, please do not hesitate to contact our Legal Office on 01785 616410 or email us direct via amgconsultancy@btconnect.com
