APPRAISAL AND REVALIDATION

Current (2018, 2016 resp.)

SKILLS AND SPECIALITY

Building on decades of international training and experience in adult and paediatric rehabilitation, each patient is considered from all medical, surgical and specialist rehabilitation perspectives. I assess and treat patients of all ages, offering a unique breadth of neurologic and musculoskeletal Rehabilitation Medicine. I deliver my comprehensive assessments promptly, offering fresh insights into causality, optimal care, and prognosis. I am a “Tier 1” expert witness as determined by the Association of Personal Injuries Lawyers (APIIL). I am bilingual (German/English).

MEMBERSHIP OF PROFESSIONAL BODIES (PAST AND PRESENT)

General Medical Council: Full, membership number 6168823: approved Expert Witness

Canadian Association of Physical Medicine and Rehabilitation

Royal College of Physicians and Surgeons (Canada)

Royal College of Physicians
