MEDICO LEGAL EXPERIENCE

PRINCIPAL SPECIALISMS

Developed over a number of years I have acquired an extensive knowledge of the assessment and provision of Medico-legal reports in the field of Orthopaedic and Trauma surgery with sub-specialist areas of expertise in road traffic accident, Whiplash and its consequences as well as multiple high energy injuries.

I am experienced in the provision of reports for the Courts and Employment Tribunals for claimant and defendant reports in low and high velocity impact cases. I have experience in the interacting effects of multiple injuries and disability assessment and percentage loss.

TRAINING

I have attended training courses with Bond Solon, clinical negligence courses with Premex and have completed MedCo training. I have also trained and gained experience with regards to the Woolf procedure.
