

# ***CURRICULUM VITAE***

***Keith Webster***

***BDS. MB.BS. M.Sc. PGCE FHEA  
FDSRCS. FRCS. FRCS. (OMFS)***

A handwritten signature in black ink, appearing to read 'K. Webster', followed by a vertical line.

1 May 2020

**Personal Details:**

**Name:** Keith Webster  
**Address:** 7, Kineton Green Road  
Olton  
Solihull  
B92 7DY  
**Email:** keithwebster@mac.com

**Telephone:**  
07779 253204 M  
0121 708 1849 H

**Date of Birth:** 20/09/60

**Marital Status:** Married, three children

**Education:**

1972-1979 Birkenhead School  
1979-1983 School of Dental Surgery,  
University of Liverpool  
1986-1991 Guy's Hospital Medical School,  
University of London

**Qualifications:**

BDS	1983
FDS RCS	1990
MB BS	1991
FRCS	1993
FRCS (OMFS)	1997
M.Sc. (Clinical Oncology)	1999
PGCE	2009

**Defence Organisation:**

138934 MPS

**GMC Registration:**

3547979 Full  
Specialist List: Oral & Maxillofacial Surgery

**GDC Registration:**

58237 Full  
Specialist List: Surgical Dentistry  
Oral Surgery

**Appointments:**

**Consultant Maxillofacial Surgeon  
Spire Parkway Hospital Solihull  
1999-**

**Consultant Maxillofacial Surgeon,  
University Hospital Birmingham Foundation NHS Trust,  
1999-2018**

**Consultant Maxillofacial Surgeon  
Heart of England NHS Foundation Trust  
1999-2018**

**Honorary Senior Lecturer  
University of Birmingham  
Faculty of Medicine & Dentistry 2000-2018**

**Awards, scholarships and prizes:**

**University of Liverpool School of Dental Surgery**

**MSS Scholarship in Oral Surgery 1983**

**Guy's Hospital Medical School**

**Enid Linder Foundation Award 1990**

**Robert Malcolm Trust Award 1990**

**3M Award 1990**

**Roger Warwick Prize in Otolaryngology 1991**

**British Association of Oral & Maxillofacial Surgeons**

**BAOMS Scholarship 1997**

**Royal College of Surgeons of England**

**Ethicon Foundation Fund 1997**

**BAOMS Scholarship:**

**July 1997 - Sept. 1997**

Cancer Institute \ Chinese Academy of Medical Sciences  
Head & Neck Unit Beijing, China

**Sept. 1997 - Oct. 1997**

Visiting Fellow Dept. Head & Neck Surgery

**Memorial Sloan Kettering Cancer Center New York USA**

**Research Activities:**

Master of Medical Science in Clinical Oncology,

**The University of Birmingham 1999**

**CRC Institute for Cancer Studies**

Core Modules:

1. **The Cellular and Molecular basis of Cancer**
2. **Pharmacology of cancer therapy**
3. **Epidemiology and pathology of cancer**
4. **Clinical management of cancer- approaches to individual diseases**
5. **Cancer clinical Trials, Biostatistics and Research Methods**
6. **Radiation Oncology**

Thesis. Investigating tumour cell shedding from the operative field of neck dissections using immunomagnetic bead detection of circulating tumour cells labelled with Ber-EP4,

Research Fellow, London Hospital Medical College

**1986-1990**

**Clinical and lab based research onto the pharmacodynamics of local anaesthetics. A collaborative project with the department of Pharmacology, this work led to three publications with co-authors.**

**Membership of Societies:**

**Fellow Higher Education Authority**

**Fellow British Association of Oral & Maxillofacial Surgeons**

**Member Association of Dental Implantology**

**Member of AOCMF**

**Fellow Association of Facial Plastic Surgeons**

**Member European Academy of Facial Plastic Surgery**

**Educational Courses or educational material developed**

Locally:

2007- Course Director in Human Disease for Birmingham Dental School. I organise lecture programme, clinical attachments, and practical skill sessions, developing an assessment process in 6 modules. I developed practical clinical skills training; novel

methods of assessment using actors and updated the assessment process using a computer programme to quality assure the exam questions. I developed and edited lecture material placed on the Dental School web-based e-course. I helped design practical courses in medical emergencies, resuscitation and medical history taking sessions for dental students 2010-. I developed a training course in dental implantology for dentists including quality assurance. The Faculty of General Dental practitioners in 2012- have accepted this. I have developed CEX, DOPS and MCQ evaluation documents for a practical course in implant dentistry 2013-

### Nationally

I am an examiner for the Diploma in Implant Dentistry RCSEd. I am part of the OSCE, SBA &EMI writing group 2012-. I chaired the Maxillofacial Intercollegiate FRCS written paper group 2004-2010. Since 2011 In my role as Intercollegiate Surgical Boards Section 1 exam chair I have supervised changes in exam assessment and quality assurance reporting to Joint Committee on Intercollegiate Exams and Internal Quality Assurance committee

### **Developing teaching skills in yourself and others with qualitative evidence of this**

I completed and received a pass with Merit in obtaining a PGCE from the University of Birmingham in 2009. This allowed me to use teaching research methods to improve the assessment process for dental student exams. I have developed a consistent marking scheme for the examiners in the clinical exam of this undergraduate course. I have led the development of exam standard setting for the School of Dentistry 2014. I developed a course in standard setting for the School of Dentistry 2014  
I was made a Fellow of the Higher Education Authority 2009

### **Quality of teaching:**

I have been part of a peer review system for monitoring quality in undergraduate courses.

### **Leadership and innovation in teaching.**

**Developing a new course:** I have been involved as educational assessor for a new MSc in Dental Implantology at the University of Birmingham 2009- I developed a stand-alone practical 10 day dental implant course via a dental training organisation 2012-

**Innovative assessment methods:** Using actors as surrogate patients I developed a new clinical history taking exam for 4th year dental students, Univ of Bham 2008-

**Introducing new learning facilities:** I have developed competence-based assessments of dental students dealing with medical emergencies via a clinical skills lab at University Hospital Birmingham 2013

### **Involvement in examinations or assessments**

#### Locally:

Hon Sen Lecturer, College of Medicine and Dentistry, University of Birmingham 1999-  
Trust Surgery lead for Univ of Birmingham 3rd MB BS exams 2012-

Univ of Birmingham 3rd MBBS Firm Tutor 2012-  
Internal examiner Final BDS Univ of Bham 2006-  
Course Director Human Disease Birmingham Dental School 2006-  
I set Univ of Birmingham 4th BDS exams and act as exam convener and assessor.  
Examiner Final BDS Univ of Birmingham

Nationally:

Newcastle Dental School External examiner 2009-2012  
Examiner MJDF FDS RCSEng 2004-2009  
Examiner DiplImp Den RCSEd 2009-  
Examiner: Intercollegiate Maxillofacial FRCS 2003-  
Standard Setting Lead: Intercollegiate Maxillofacial FRCS 2007-2011  
Chair Intercollegiate Surgical Boards Section 1 exam 2011-: overseeing written exams in all 9 surgical specialties

**Contribution to audit or quality assessment of teaching programmes**

A yearly student feedback questionnaire has promoted changes in the undergraduate dentistry human disease course, especially making more course work available on line. 2010- Via this feedback I have been able to evaluate and adjust variability in lecturer performance.

On behalf of the University I feed back to the Director of Learning via examiner feedback and have been able to address issues such as standard setting and pass mark variability. I have introduced and trained a dental school standard setting panel 2014-

Using an analysis programme, I have been able to audit the performance of individual questions in the exams, leading to the rewriting of questions or removing poor performing/non discriminatory questions. 2008-

As a Fellow of the Higher education Authority I have been able to access best practice example in teaching and assessment and apply some of these values to the course 2009-

My performance as an examiner in the Intercollegiate board exams has been assessed by peer review and I sit in the top 10% of examiners performance 2010-

I produced a quality assurance programme for a practical course in Implant Dentistry recognised by the Faculty of General Dental Practitioners 2013

I developed standard setting for setting the pass marks in the Section 1 exams for national FRCS exams in all specialties 2011-

**Research into educational methods**

Locally:

As part of my PGCE I completed a thesis on the educational theory behind the Intercollegiate Surgical Project and Syllabus development of the Oral & Maxillofacial FRCS. This received a merit.

In my role as course director for human disease I have used a commercial statistical programme to verify the quality of SBA and EMI questions in undergraduate dental exams. This work was presented to the West Midlands Deanery Education Conference in 2009

Nationally:

In my role as chair of the written exam writing group for the Intercollegiate Boards, I have worked with an educational psychometrician in quality assuring the written questions and introducing a written paper analysis as part of the written exam. We have applied quality assurance changes to assessment agreed with the GMC and JCIE

I have published on developing a curriculum review:

Mighell AJ, Atkin PA, Webster K, Thomas SJ, McCreary CE, Healy CM, et al. Clinical medical sciences for undergraduate dental students in the United Kingdom and Ireland - a curriculum. European Journal of Dental Education Blackwell Publishing Ltd; 2011 Mar 17;15(3):179–88.

### **NHS achievements:**

In my NHS commitments I continue to make significant contributions to service delivery, management. training. education and research

### **Locally:**

Clinical service lead at Queen Elizabeth Hospital 2010-2013 and clinical lead at Solihull Hospital 2002-2018

Research lead for the Head & Neck MDT 2006-2013 and was principal investigator for 4 head and neck clinical trials. 2008-2013

Chair the human disease course (4th BDS) for the School of Dentistry, trust lead for MBBS Surgery and sit on the student fitness to practice committee.

I attend 2 MDT's: , Skin(Solihull),and Skull Base.

Consultant lead on providing a managed clinical network for Oral Surgery for Birmingham and Solihull 2012-2016

Member of LDN Birmingham, Black Country and Solihull advising on commissioning of dentistry to National Commissioning Board 2012-2016

Region: Faculty regional advisor 2010-2013 and specialty advisor for the faculty of dental surgery. 2010

RSPA of the West Midlands Professional Affairs Board for the RCSEng. 2010-2014

Clinical governance board of the Pan Birmingham Cancer Network and chair of the PanBirminghamHead & Neck NSSG in the last 5 years.

Member of Birmingham and Black Country Comprehensive Research Network Network Oral Priority Group

### **National:**

Chair of Section 1 exam and member of JCIE Inercollegiate Surgical Boards 2012-2016

Examiner for the Specialty FRCS and have chaired the written exam setting group.2008- External examiner to the University of Newcastle. 2009-2012

Examiner Implant Dentistry RCSEd 2010-

Member Novel Therapies Group Head & Neck Group NCRN 2010-2012

Advisor to DOH working group on photodynamic therapy 2012

### **DELIVERING A HIGH QUALITY SERVICE**

As a surgeon with a special interest in skull base and skin cancer, attend 2 MDT's and have been research lead for the Head & Neck MDT. I have been able to integrate skin cancer patients from Heart of England NHS Trust into a dedicated rapid-access operating list.

Our head and neck service is one of the largest in the country and our results are within the top 10% nationally as benchmarked by a national head and neck audit (DAHNO). I have a low readmission and mortality rate for my patients. Good use of NHS resources has been demonstrated by the head and neck surgeons cross-covering operating lists to reduce cancellations of patients and allow optimum use of three session operating lists. I have been involved in the production of patient information leaflets via the cancer network. Amongst my peers I have one of the highest rates of outpatient activity and lowest times from decision to treat to treat. Patient satisfaction surveys at Solihull have shown high patient satisfaction scores for the service provided. I have developed rapid access slots for head and neck and skin cancer.

I have improved service delivery by producing GP/GDP referral guidelines

I have quality assured services by introducing regular sub-specialty morbidity and mortality educational feedback

### **DEVELOPING A HIGH QUALITY SERVICE**

Since 2006 I have personally developed a regional head and neck photodynamic therapy novel therapy service for patients with advanced head and neck cancer and have advised a DOH working group on photodynamic therapy services for England.

I have established restorative dentist MDT sessions for the rehabilitation of oral cancer patients since 2009 and established a similar service for cardiac patients. I have instituted an oral precancer clinic utilising novel proteomic techniques to define those patients at risk of oral cancer since 2010. Along with the PCT and local dental committee I developed clinical guidelines for referrals to secondary care from primary care. This has reduced inappropriate referrals by 15%. Along with Solihull Care Trust I have developed out of hours referral guidelines for a local NHS direct service for dental emergencies. I am the consultant lead in a managed clinical network for oral surgery across the Birmingham and Solihull commissioning cluster. Cross covering colleagues and the use of three session operating lists has reduced cancer waits for head and neck cancer.

I have developed a dedicated three session rapid access operating list for skin cancer patients referred to me. I have helped develop and establish a centralised oral and maxillofacial service for Birmingham and have published widely. I have been working to develop a departmental sedation service

### **LEADERSHIP AND MANAGING A HIGH QUALITY SERVICE**

**Locally:** I was clinical service lead at University Hospital Birmingham 2010-2014 and clinical lead at Solihull. I have established an increase in clinical assistants to manage the minor surgery workload. I have introduced formal mortality and morbidity meetings to our monthly study day with learning outcomes. I have introduced mandatory training sessions within our study days. I have developed clinic skin cancer fast track slots since 2006-. I have designed PCT out of hours referral guidelines between primary and secondary care 2008. I developed PCT referral guidelines for minor oral surgery from primary care 2009. Member Solihull Oral Health Advisory Group advising on primary & secondary care interfaces 2005-. Consultant lead on the Birmingham and Solihull dental commissioning cluster developing a managed clinical network for oral surgery 2011-.

**Regionally:** West Midlands Regional Faculty advisor RCSEng 2010-2012. West Midlands Specialty Faculty Advisor for the RCSEng since 2007-2015. Member of the WM RCS Professional Affairs Board and RSPA. 2010-2015

**Nationally** Member of the National Cancer Research Network Head & Neck Novel Therapies Group 2009-. Clinical advisor to the Healthcare commission 2007-. Co-opted member of the Brain & CNS cancer guidelines group 2008-. Advisory Board DOH on Photodynamic Therapy 2009-

## **RESEARCH AND INNOVATION**

**Locally:** Cancer Network Head & Neck Group R&D Lead, Departmental & Trust Head&Neck R&D lead. 2007-2011  
Principal Investigator of 4 randomised trials 2005-2013. Dedicated monthly research clinic 2010-2013

**Regionally:** Member of Oral & Dental Priority Area Group Birmingham and Black Country Collaborative Local Research Network: identifying areas for research and clinical trials 2009-

Largest recruiter to Head & Neck Trials in West Midlands. In two trials I have been the 2nd highest recruiter nationally. 2006-2013

**Nationally:** Research Board member of Saving Faces Charity 2006-  
Joint Chief Investigator of CRUK funded RCT of neck dissection (SEND) £1.7M 2008-2013

Joint Chief Investigator of CRUK funded RCT of Hyperbaric Therapy in the prevention of osteoradionecrosis HOPON 2010-2013

Member National Cancer Research Network Head & Neck Therapies group: identifying new areas of research in head and neck cancer 2008-2013

Systematic reviews on oral cancer for Cochrane Oral Health Group 2006-

Editorial Board British Journal Oral & Maxillofacial Surgery 2005-

Reviewer: Cochrane Oral Health Group, British Dental Journal 2006-

Book Chapter: Lip & Oral Cavity Cancer Scott Brown's Otolaryngology 2008

Book Chapter Lip & Oral Cavity Cancer Stell & Maran's Head & Neck Surgery 2011

Contributor to ENT UK head & Neck Cancer Guidelines 2011
