## EMPLOYMENT

I am currently employed by Rotherham NHS Foundation Trust (since 3 Sep 2000) .

My job plan is changing as I have moved into community paediatrics I would like to work 11.5 PAs including the AMD post (1.5 PAs) if successful.

My direct care activities ( 5 PAs) will include:

- CDC clinics
- EHCP medicals
- Community clinics
- Epilepsy clinics

My supporting activities (2 PAs) will include

- CPD
- Educational and clinical supervision
- Attendance at meetings (CSU; CE and Governance)

I receive 2.0 additional PAs for my role as Training Programme Director (TPD)

## CONTRIBUTIONS AS A CONSULTANT PAEDIATRICIAN

### Contributions supporting my application as AMD for human factors

#### **CONNECT rounds**

I worked with our clinical psychologist in 2015-16 to develop CONNECT rounds in children's services which were based on the Schwartz round philosophy. Evaluation was very positive

#### **CRUMPET course**

I developed the CRUMPET course in 2007 with my colleagues in A&E and Anaesthetics – a simulation based real time multispecialty workshop to enhance life support training focussing on human factors. This continues to evaluate really well and has spread to other parts of the region (Calderdale and Bradford)

#### **SAFE huddles**

I introduced SAFE huddles onto the clinical areas in the children's services in 2015. This involves a 10 min meeting of all team members to make the team situationally aware of the ward with reference to sick or deteriorating children, safeguarding cases, early discharges, medication errors, discharge summaries, bed state and staffing. It is also an opportunity to congratulate the team for a job well done.

# CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

## **Mindfulness teacher training**

I have been funded by the SuppoRTT programme for return to work trainees to embark on a Mindfulness Teacher Training course which is ongoing.

I am passionate about mindfulness and am keen to exploit its potential in the workplace, having completed an 8 week MBSR course in 2015. Mindfulness as a practice and lifestyle approach can enhance staff well-being, reduce the risk of error, decrease tensions and conflict within and between teams and improve workplace performance.

## **Educator roles**

I have been a Clinical tutor in Paediatrics and a Training Programme Director for over 10 years and during this time, have helped develop several courses to enhance communication and team working – CATCH (Communication and Team working in Child Health) and ACCORD (A communication course for overseas doctors). I have experience of impartial assessment as an MRCPCH examiner and one of the lead TPDs for ARCPs in the deanery. I will bring my training expertise to develop a human factors training programme within the trust.

## **Clinical Excellence Awards**

4 local awards

## **HSJ award**

Children's ward team shortlisted in 2017 under the category of Acute service redesign – my contribution was introducing SAFE huddles into the workplace

## **Current management role**

Care closer to home steering group chair – set up by myself in 2012 to develop multiagency pathways and develop care closer to homes – successful ventures that have been discussed and led by this group are PARROT team

Neonatal outreach team

Acute care pathways for Bronchiolitis; Diarrhoea and Vomiting; Fever and Wheeze

Chronic care pathways for faltering growth; gastro-oesophageal reflux; obesity; sleep disorders

I also pioneered a pilot GP outreach clinic in 2017 at Anston Medical Centre for 7 months in which included GP MDT teaching sessions which were well received and evaluated positively

## **Recent management roles**

- Lead Consultant for Transformation - to deliver the trust transformation strategy
- Trust representative at the regional managed clinical network for the acutely unwell child
- Clinical working group for the ongoing hospital services review as part of the Integrated Clinical Services

# CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

- SAFE huddle development and implementation lead – Health Foundation and RCPCH sponsored

## **Educator roles**

### **Roles**

1. Training Programme Director – HEE Yorkshire & Humber (2009 – present)
2. RCPCH Tutor (2 terms - 2005-2009 and 2013-2017)
3. Honorary Senior Clinical Lecturer University of Sheffield Faculty of Medicine Dentistry and Health (2012 – present)
4. MRCPCH clinical examiner (Refresher training completed)

### **Assessment**

1. ARCP – regular chairing and assessing at ARCP panels since 2012
2. ARCP appeal panels ad hoc as per requirement
3. Roadshows to support educational supervisors in the ARCP process
4. Workplace assessments for trainees on the training programme
5. MRCPCH clinical examinations
6. Regular medical student assessment – formative and summative – University of Sheffield students

### **Course development**

1. Mindfulness introductory sessions for training returning to work after time away – sickness; maternity leave; out of programme training – funded by the SuppoRTT programme – 15 sessions per year by an external trainer.
2. Surviving and thriving days (Resilience training) — 4 courses per year – TPD facilitator with resilience and mindfulness trainer
3. CATCH – Communication and Team working in child Health – a course to enhance communication and team working – runs once a year as part of the regional STEPP training programme
4. CRUMPET – Cross- Specialty Multi-disciplinary Paediatric Emergency Training - an innovative multidisciplinary course across 3 specialties – Paediatrics, Anaesthetics and A&E – to enhance paediatric Life support training
5. STEPP regional training programme extended to the South from the rest of Yorkshire in 2009

### **Faculty experience**

1. Resilience training – Surviving and thriving (HEE YH)
2. CRUMPET (Cross- Specialty Multi-disciplinary Paediatric Emergency Training) (Rotherham)
3. Paediatrics and Neonatal in situ simulation training (Rotherham)
4. STEPP Unit 1 course (Regional course for ST1-3 maps to curriculum)

# CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

5. Safeguarding level 3 training (Rotherham)
6. Communication skills training for MRCPCH candidates (PGME SCH)
7. Balint group for medical students -University of Sheffield 2017

## Supervision

1. Regular educational and clinical supervision of allocated trainees including enhanced support for trainees in difficulty – support and mentorship
2. Supervision of Advanced Clinical Practitioner (ACP) – who has now completed 2 years of training and has been selected for a master's programme.
3. Nurse prescriber supervision for 3 nurses so far as part of their non-medical prescribing course

## CPD as an educator

1. TPD away days (2009 onwards)
2. Coaching & Mentoring course – ongoing (2016 onwards)
3. Feedback workshop - Rotherham educational faculty development (2016)
4. TPD development day (2014)
5. Skilled Helper course (2014)
6. Medical appraisal and 360 feedback workshop
7. Educational supervisors workshop
8. Strengthened Appraisal & Revalidation (2010)
9. PStaC (Paediatric stabilisation and transfer course) Mexborough (2010)
10. OSCE workshop – School of medicine – Sheffield (2009)
11. International Conference on Communication in Healthcare Oslo, Norway (2008)
12. National Communication Skills Cambridge course, Cambridge (2008)
13. Paediatric Educators programme, London/Leeds (2008)
14. RCPCH Annual tutors meeting (2005;2006;2007)
15. Upskilling and Equal opportunities training (2007)
16. RCPCH Training the Trainers course – Assessment strategy & standards (2007)
17. ASME supporting medical students with communication difficulties (2005)
18. Interpersonal effectiveness course - Trent deanery (2004)
19. Educational supervisors course (2003)

## Other contribution to training

1. **Supervision of ACP** – advanced clinical practitioner – who has now completed 2 years of training and has been selected for a master's programme.
2. **Trainees in difficulty support and mentorship** - As a tutor and TPD,

## CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

- I have supported trainees in difficulty and regularly attend the doctors in difficulty (DiD) and doctors at risk (DAR) meetings
3. **Simulation training:** as training programme director for ST1-3s I have developed a simulation training programme (at Montagu Clinical Simulation centre, Mexborough) for regional trainees as part of the STEPP course.
  4. **PGME lectures:** I have lectured at PGME on several topics related to Communication Skills training the most recent being "Communicating with Children and families". I have also arranged an outside speaker to speak on "Cognitive decision making skills for surgeons" in March 2011. I have also delivered lectures on workplace mindfulness and stress reduction.
  5. **Medical student placement Jan 2012 I hosted a Australian medical student** on a 4 week placement in Sheffield/Rotherham
  6. **Supervision of nurse prescribers**  
I have supervised 3 nurse prescribers over the course of my career

### Clinical Director

**CARDIOLOGY-** Secondary care cardiology designation 17 May 2011 achieved by the appointment of a Paediatrician with an interest in Cardiology

**TEAM JOB PLANNING** – working closely with the manpower and workforce department I helped to develop a standardised method of calculating PAs and ensuring that capacity matched demand. This was used as an example for the rest of the Trust to develop a job planning framework and led to savings of 8 PAs towards cost improvement

**CLINIC UTILISATION** - I led the unit in 2010-11 in matching clinic utilisation to the previous year's (2009-10) outturn leading to efficiency savings by reducing clinics by 25%. I led the setting up of 4 hour clinics according to Trust's strategic vision. The plan assumes 1:2 new:follow up ratios which will encourage a reduction of follow ups

**AMBULATORY CARE-** I have led on consultant delivered ambulatory care with consultant delivered next day early discharge clinic, emergency rapid access clinic and consultant led children's assessment unit.

**EWTD SOLUTION** - I have led my team in developing the role of the Ambulatory Consultant which has reduced middle grade hours to 47 (was derogated at 51). This helped to address locum middle grade staffing costs

# CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

## Service development

**CONSULTANT APPOINTMENTS** – I have led the appointment of multiple replacement Consultant Paediatricians

**CARE CLOSER TO HOME** –Currently leading on pathway work to develop to design a whole systems approach to develop pathways for the care of acutely unwell children ( high volume common conditions eg fever, gastroenteritis , wheeze) based on work done by the NHS Institute of innovation and improvement

### **POLICIES, GUIDELINES AND PROCEDURES**

Chair of a group that met every 4 months to oversee the CYPS policies, guidelines and procedures

### **EMERGENCY CENTRE TASK & FINISH GROUP**

Member of a group that oversaw the development of the new trust urgent and emergency care centre pathways

**CAU** - Children's Assessment Unit founder and lead - CAU discharges 50% children on the same day after a short stay – of the admitted patients a further 50% are discharged the next day

### **DOCUMENT DEVELOPMENT**

Child protection document  
Multi-disciplinary document

**DISCHARGE SUMMARY:** I had developed a new template for discharge summaries which will allow improved coding of inpatient episodes.

**CODING SUPERVISION:** In March 2011, a new system of coding supervision was introduced to improve depth of coding within the unit. This involved consultant input into the coding process.

**BLEEPS FOR CRASH CALLS** were introduced when I was the Paediatric representative on the Resuscitation committee

## Clinical practice

**PEWT** – developed a Paediatric Early Warning Tool for the detection of acutely unwell and deteriorating children on the children's ward.  
360 deg – now replaced by PEWS score

**APPRAISAL** : 20/20 Insight report (Mar 2010) gave me an overall score of 4.77 against peer (4.56) with several positive comments  
Written communication with parents – letters to parents directly evaluated very well. ASSET PaedCCF feedback 4.4 (27 patients)/4.5(8244 patients)2012

# CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

## Neuro-disability

Developing CDC premises with the support of monies from King's Fund to achieve DDA compliance and improve confidentiality by separation of clinical and administrative areas

Appointment of a full time clinical psychologist within the CDC

Development of ADOS and 3Di assessments within the CDC

Developed a CDC assessment pathway to allow better multidisciplinary working, communication and efficiency of practice

## Safeguarding

Named doctor safeguarding (2008-2009)

Contribution to Serious Case Reviews

Trust Child protection operational group chair

Safeguarding level 3 training facilitator

Audits on Looked after children (June 2009); Neonatal abstinence syndrome(Nov 2009) and Baby check (June 2009)

SARC (Artemis suite) Sexual Abuse Referral Centre development

Contribution to the SUDI process on call as part of the rapid response

## EXPERIENCE

### Management Experience

My experience in a management role is:

- RCPCH Tutor in Paediatrics 2004-2009 and currently since 1<sup>st</sup> Dec 2012
- TPD South ST1-3 and ARCPs
- CCG Calderdale governing body secondary care clinician – 2012-14
- Paediatrician In Medical Management (RCPCH) member since 2012
- Clinical Director – Child Health since 14<sup>th</sup> Sep 2009 – 31<sup>st</sup> Mar 2012
- Training Programme Director (ST1-3) since June 2009
- Lead Clinician CDC and Paediatric Neurodisability 2000-2009 and current
- Child Protection lead (Named Doctor) June 2008- June 2009
- Lead for Children's Assessment Unit
- Paediatric lead for Photopheresis – a national service to reduce GVHD

# CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

## **Medicolegal Experience**

- Medico-legal reports for Expedia and Mobile doctors
- Medico-legal reports for Child Protection purposes and looked after children subject to care proceedings
- Attendance at court in Child Protection cases
- Attendance at coroner's inquests
- Safeguarding reports and police statements

## **Clinical Experience**

### **Neurodisability**

- Lead Consultant Paediatric Neurodisability in Rotherham (2000-2009)
- Newman special school for children with physical disability
- Green Arbour (now Willows) special school for children with moderate learning difficulties
- Child Development Clinics and multidisciplinary case discussions
- Regional Head Injury Rehabilitation Clinic at the Leeds General Infirmary as a Locum Consultant.
- Child Development Clinics and multi-professional management of complex disabled children in various appointments including at Harrogate
- Attendance at Child and Adolescent Psychiatry clinics in Bradford.
- Visits to schools for the Blind and the Deaf in Bradford.
- Attendance at Adoption panel meetings in Bradford.
- Attendance at Case conferences in my various appointments.

### **General Paediatrics**

- Broad experience of outpatient and inpatient management of patients in all my appointments.
- Handling Paediatric emergencies in A&E in all my appointments
- Managing complex metabolic and genetic conditions in my Bradford and Rotherham appointments.
- Attending specialist clinics (Genetic, Diabetic and Neurology).

### **Neonatology**

- Level 2 Neonatal Intensive Care in my present appointment
- Different ventilatory techniques from various types of CPAP through to high frequency ventilation (in my training appointments)
- Experience in practical neonatal procedures including long line and peripheral arterial line insertion, umbilical vessel cannulation and chest drain insertion.
- Involvement in talking to parents, breaking bad news and making decisions regarding withdrawing life supportive treatment where appropriate.

# CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

## Specialist

- Paediatric neurology rotation at Leeds General Infirmary which included inpatient and outpatient management of children with epilepsy, neuromuscular disorders, neuro-oncological diagnoses and neurosurgical problems.
- Paediatric gastroenterology clinic and inpatient management of gastro-enterology patients at St James' Hospital, Leeds.
- Paediatric Neurology Joint Clinics in the CDC at Rotherham with the visiting Consultant Paediatric Neurologist

## Ethnic minorities

- During my Bradford and Rotherham appointments, I achieved considerable experience in the management of clinical conditions more commonly seen in the ethnic minorities such as iron deficiency anaemia, rickets, neurodegenerative illnesses, genetic and metabolic disorders.
- My basic paediatric training in India gave me a sound basis for understanding and managing clinical conditions in the ethnic minority population.
- Fluent in Urdu which is understood by most people from the Indian subcontinent.

## Safeguarding

- Currently on the child protection on call rota and actively involved in carrying out child protection medical examinations, writing medical reports and police statements and attending case conferences.
- First on call for Sexual abuse medicals as part of a 1:7 rota in a purpose built Sexual Abuse Referral Centre (Artemis Centre)
- Contribution to level 2 and 3 training within the Trust

<b>AUDITS AND CLINICAL EFFECTIVENESS</b>
--

- RAC audit and evaluation 2017
- SAFE huddle evaluation 2016
- CDC Telephone audit 2013-14
- UTI audit 2013-14
- CAU audit 2013-14
- RAC audit 2013-14
- Consultant allocation audit 2012
- Clinical coding audit 2011
- Telephone assessments audit 2010
- Melatonin prescribing audit 2010
- Discharge summaries audit
- Consultant review on inpatients 2010
- Feverish Child – audit against NICE guidelines July 2009

## CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

- Audit of follow up of babies with neonatal abstinence syndrome 2009
- Baby check audit June 2009
- Information Provision in the CDC 2006
- Multidisciplinary documentation 2006/2007
- Case notes quality audit 2006
- Crash calls audit 2005
- CAU audit 2003/2004
- Child protection documentation 2004
- Cardiac arrest audit 2003
- CDC Case discussion audit 2003
- Letters to parents audit 2003
- Rapid access clinic audit 2003

### PATHWAY DEVELOPMENT

**ACUTE PAEDIATRIC PATWAY** Currently leading on pathway work to develop care closer to home – a launch event took place on the 9<sup>th</sup> May 2012 to design a whole systems approach to develop pathways for the care of acutely unwell children ( high volume common conditions eg fever, gastroenteritis , wheeze) based on work done by the NHS Institute of innovation and improvement

**CAMHS PATHWAY**- improving the pathway for mental health patients from A&E to children's wards by setting up a direct referral to CAMHS thereby improving patient flow and early discharge.

**ASTHMA PATHWAY**- Developed in conjunction with the asthma specialist nurse – bridges primary and secondary care

### RESEARCH & PUBLICATIONS

**Resilience: surviving and thriving in the paediatric workplace**

Suri S, Nash E. Arch Dis Child Educ Pract Ed 2018;0:1–5.  
doi:10.1136/archdischild-2017-313554

**Historic publications:**

**“Serum Phenobarbitone levels by High Performance Liquid Chromatography in children with epilepsy.”**

Paper presented to the Annual meeting of the Research Society of the B.J. Medical College, Poona, India (1987).

**“Hb A2 levels in various haematological disorders.”**

Dissertation submitted to the University of Poona in India, which led to the award of my M.D. degree (1988).

**“Nebulised steroids in croup.”**

Letter to the British Medical Journal (1996) Vol.312 No.7029.

**“Crigler-Najjar syndrome type 1.”**

Case presented at the Yorkshire Regional Paediatric Society meeting in Hull (1996)

## CURRICULUM VITAE

Dr Sanjay Suri MBBS; M.D.(Paeds); MRCPI; FRCPCH

---

### **“Delivery Room management of infants born through meconium stained liquor.”**

A survey co-authored by Dr Peter Macfarlane published in Paediatrics Today (1997) Vol.5 No.4.

Also presented at the Yorkshire and Trent Regional Paediatric Society meetings.

### **“Aetiology and Prevalence of permanent childhood hearing impairment in Bradford.”**

A retrospective epidemiological study presented at the Paediatric Research Society Meeting at Elgin, Scotland (1998).

### **“Congenital paraplegia following maternal hypotension”**

A case report published in ‘Developmental Medicine and Child Neurology’ co-authored by Dr SAW Salfeld and Dr PS Baxter (1999), 41:273-274.

### **“Oesophageal pH monitoring in suspected gastro-oesophageal reflux.”**

Audit project in Bradford (1997-8)

### **“Management of infants of drug addicted mothers on the Neonatal Unit and the subsequent outcome compared to a control group.”**

Audit project undertaken at Bradford (1997-8)

- Infantile parkinsonism –dystonia with raised CSF dopamine metabolites
- GCP completed as investigator 11 March 2009
- International Collaborative Infantile Spasms study (ICISS) since 2008
- Children with Down syndrome study (CDSS) Follow up study examining the health of children with Down syndrome 2006 now completed
- I2S2 trial follow up contributor – an RCT of iodide supplementation in preterm babies with follow up at 2 years- since 2010

### **BOOK and ARTICLE REVIEWS**

- Neurological assessment in the first tow years of life published in the Archives of Disease of childhood 2010
- Co-existence of ventricular septal defect and bronchial asthma in two Nigerian children 2010 Bode-Thomas F et al

### **COURSES I BENEFITED FROM**
