Mark Ledger Sr Pros MSc

Profile

I am a senior clinical Prosthetist with over 28 years' experience of the management of both upper and lower limb prosthetics including multiple limb loss . I have extensive experience with multiple limb loss in both adults and adolescents. I established the Dorset Orthopedics' Midlands clinic in 2009.

In January 2013, Joined the UK's largest P & O provider C.A. Blatchford's. My role included clinical support at Headley court. I also had an ongoing remit to build their expert witness service. I have been certified in the latest prosthetic technology by the leading prosthetic manufacturers.

I am an experienced expert witness with over 20 years of report writing. I have completed several Bond Salon courses including 'Court room skills' and 'Excellence in report writing'. My instructions have typically been a 60/40 split, claimant to defendant work.

I have presented to the Law society in London, the Catastrophic injuries conference again and many APIL conferences.

I have provided both claimant and defendant evidence in the Royal Courts of Justice London and the Court of Session Edinburgh. I have published in the ISPO Journal (International Society for Prosthetics and Orthotics)
