

CURRICULUM VITAE

Mr Lindsay Thomas Stewart Walker Muir

Abbreviated medicolegal curriculum vitae *page 2*
Full curriculum vitae *page 4*

ABBREVIATED MEDICO LEGAL *CURRICULUM VITAE*

- EDUCATION:** Education in Singapore, Switzerland, France and Scotland.
University of Glasgow.
Hand surgery fellowships in Manchester and in France.
- QUALIFICATIONS:** M.B. Ch.B., Glasgow University 1981
F.R.C.S., Glasgow 1987
M.Ch.Orth., Liverpool University 1990
F.R.C.S. (Orth), London 1994
- CURRENT POSITION:** Consultant hand surgeon
Salford Royal Hospital
- SPECIALITY:** Salford Royal is the designated major trauma centre for greater Manchester. My post covers general on call on the weekend rota.
- My major speciality is in hand surgery. My elective practice is devoted to hand surgery, and I have a busy trauma hand surgery practice.
- MEDICO LEGAL EXPERIENCE:** I have prepared around 350 medico legal reports per annum since 1996. The bulk of my work has been for the claimant, but reports for defendants and joint reports have accounted for perhaps 20 % over the past year. In either case I endeavour to write as unbiased a report as possible.
- I have experience in preparing reports on upper limb injuries in severe injury cases.

Since 2012 I have undertaken medical negligence work, instructed by both claimant and defendant solicitors.

I have appeared in court as an expert witness.

PUBLICATIONS:

45 publications in peer reviewed journals; four textbook chapter contributions; 31 podium presentations at national and international meetings.

TEACHING:

Trainer for the advanced training post fellows in hand surgery (there are only ten of these in the country).

Chairman, BSSH Instructional Courses in Hand Surgery.

EXAMINING:

Latterly examiner for the MB ChB, FRCS, BSSH/ University of Manchester diploma examination.

Currently co chairman of the board of examiners for the European Board of Hand Surgery diploma examination.

LANGUAGES SPOKEN:

Fluent English, French and German
Conversational Italian

DEFENCE SOCIETY:

MDDUS, Membership M/7/0543.

GMC REGISTRATION:

Full registration since August 1982
Number 2555588

NATIONAL INSURANCE:

Number NE 86 84 46 A

DATE OF ACCREDITATION:

1 July 1995

ICO REGISTRATION:

Registration number: Z817469X

CURRICULUM VITAE

DATE OF BIRTH: 9 September 1958

NATIONALITY: British

BIRTH PLACE: Kilmarnock, Scotland

EDUCATION: Primary education in Singapore, Switzerland and France.
Secondary education in Switzerland, Scotland (Morrison's Academy, Crieff) and Germany (Europa Kolleg, Kassel).
SCE Higher grades: 6 'A's and 1 'B'
Summer courses in Vienna University and Scuola Linguaviva, Florence.

UNDERGRADUATE MEDICAL EDUCATION: University of Glasgow; M.B. Ch.B. 1981
Junior elective in gastroenterology - Prof R Lambert, Hopital Edouard Herriot, Lyon, France
Senior elective in accident surgery - Prof G Muhr, Medizinische Hochschule Hannover, Hannover, FRG.

UNDERGRADUATE ACHIEVEMENTS: Dermatology essay prize
Clinical physics prize
Certificates of merit in surgery in fourth and final years
Vice-president of Medico-Chirurgical Society

POSTGRADUATE QUALIFICATIONS: F.R.C.S. Glasgow May 1987
M.Ch.Orth. University of Liverpool, 1990
F.R.C.S. (Orth) London, November 1994

LANGUAGES SPOKEN: Fluent English, French and German
Conversational Italian

POSITIONS HELD:

Aug 1981 - Jan 1982 (six months)	House surgeon to Mr DRK Reid, Glasgow Royal Infirmary and Duke St Hospital
Feb 1982 - July 1982 (six months)	House physician to Professor AC Kennedy, Glasgow Royal Infirmary
Aug 1982 - July 1983 (12 months)	Senior house officer in orthopaedic surgery, Glasgow Royal Infirmary
Sept 1983 - Jan 1984 (five months)	Senior house officer in urology, Glasgow Royal Infirmary
Feb 1984 - July 1984 (six months)	Registrar in orthopaedic surgery, Glasgow Royal Infirmary
Aug 1984 - Sept 1985 (14 months)	Senior house officer rotation, Monklands District General Hospital, Airdrie:
Oct 1985 - Sept 1987 (two years)	Liverpool surgical registrar rotation
Oct 1987 - Dec 1987 (three months)	Senior house officer in burns and plastic surgery, Regional Centre for burns and plastic surgery, Whiston Hospital, Prescot
Jan 1988 - Dec 1988 (12 months)	Registrar in orthopaedic surgery, Arrowe Park Hospital, Upton, Wirral
Jan 1989 - Dec 1989 (12 months)	Senior house officer in paediatric orthopaedics, Royal Liverpool Children's Hospital.
Jan 1990 - Dec 1990 (12 months)	Registrar in orthopaedic surgery, Broadgreen Hospital

Curriculum vitae
Mr Lindsay Muir

Jan 1991 - Dec 1992
(two years)

Mersey Region orthopaedic registrar rotation:
Leighton Hospital, Crewe
Walton Hospital, Liverpool
Chester Royal Infirmary
Warrington General Hospital

Jan 1993 - Jun 1993
(six months)

Hand fellow with Dr G Foucher and Dr F Marin-
Braun,
S.O.S. Main, Clinique du Parc, Strasbourg, France.

Jul 1993 - Dec 1994
(18 months)

Senior registrar rotation in orthopaedic surgery:
trauma firm, Royal Liverpool Hospital
Alder Hey Children's Hospital
Aintree Hospitals

Jan 1995 - June 1995
(6 months)

Senior registrar in hand surgery
Mr JS Watson, Withington Hospital, Manchester
Mr JK Stanley, Mr I Trail, Mr J Stilwell,
Wrightington Hospital
Mr N Fahmy, Stockport Infirmary

Jul 1995 – Jan 1996
(7 months)

Shoulder fellow and senior registrar in hand surgery
Jan 1996),
Wrightington Hospital

From 19 February 1996

Consultant in trauma and upper limb surgery,
Salford Royal Hospital, Salford
Honorary senior lecturer in orthopaedics at the
University of Manchester (from May 2015).

EXPERIENCE:

In trauma

I have been responsible for the acute management of injured patients in all my orthopaedic posts, and have thus gained experience in the conservative and operative management of common fractures.

I spent six months as trauma S.R. for the Royal Liverpool Hospital. I was the first senior registrar to hold this post, which involved the supervision of the day to day management of all trauma patients in the hospital, with daily trauma meetings, lists and fracture clinics, and the presentation of weekly X-ray conferences. I have thus treated fractures of all long bones, with experience in all forms of fracture fixation, including internal and external fixation devices and intramedullary nailing where appropriate. I also have experience of the management of polytrauma.

I have further spent a total of 18 months in specialist children's hospitals, where I have dealt with the full range of paediatric trauma, including hand trauma.

In my current consultant practice I am responsible for all weekend trauma admissions on a one in thirteen rota. The only exception to this is in the field of spinal injury, where we have excellent support from the spinal surgeons.

Salford Royal is the dedicated major trauma centre for Greater Manchester.

My current trauma practice is significantly biased towards hand and wrist surgery, although I do retain a general on call trauma practice.

In upper limb surgery

Six months spent with Dr Guy Foucher and Dr François Marin-Braun in Strasbourg in 1993. I chose this unit because of its world wide reputation, and its pioneering role. The work of the clinic ranges from the routine to the most complex congenital and microvascular cases.

The unit provides a 24 hour a day, 365 day a year service for hand trauma, forming part of the European wide *S.O.S. Main* organisation, and it accepts patients from a wide area of the surrounding countryside. I assessed the majority of the trauma personally. The unit was equipped to deal with all aspects of this trauma, including replants and skin cover.

For the first six months of 1995 I held the post of senior registrar in hand surgery at Withington Hospital in Manchester. This post is one of the national hand senior registrar positions, and rotates through Withington Hospital in Manchester, Stockport Infirmary and Wrightington Hospital.

From July to December 1995 I held the post of shoulder fellow at Wrightington. Although labelled as a shoulder fellowship, in practice the post allowed me to study all aspects of upper limb work, not only with Mr Trail, but also with Professor Stanley and Mr Stilwell. This post has allowed me to develop my experience in the fields discussed above, in particular in the fields of shoulder and elbow arthroplasty and arthroscopy, of wrist arthroscopy and of rheumatoid hand surgery.

7

My elective practice is devoted entirely to hand and upper limb surgery. I have a considerable systemic sclerosis practice.

Teaching

Undergraduate teaching: I frequently have students attached to the firm. I also give lectures to the undergraduates on a regular basis

Postgraduate: I participate in the regular postgraduate lectures for the orthopaedic trainees and have organised mock *viva voce* examinations in preparation for the FRCS Orth examinations.

External: I have lectured on the Sports Medicine course run by the University Department and the John Moore's University.

I have been an instructor on the Mattu (minimal access therapy training unit) course on arthroscopic surgery at the Royal College of Surgeons.

I have taught on the Hand Surgery for the FRCS Orth course at Wrightington Hospital, the M.Sc. in rheumatology course (University of Manchester) the Association of Surgeons in training exam course and the Orthoteers course.

I have previously served two terms as the Royal College of Surgeons Tutor at Hope Hospital and as coordinator for the Manchester West BST rotation and was formerly chairman of the Core Surgical Training Committee in the North West Deanery.

I help to train the national interface hand fellows in the Manchester scheme. These posts are open to plastic and orthopaedic surgeons on secondment from anywhere in the country and offer advanced training in hand surgery.

I have been appointed chairman of the organising committee for the British Society for Surgery of the Hand Instructional Courses.

Audit	During my spell as senior registrar in the Royal Liverpool Hospital and at Alder Hey Hospital I was responsible for running the audit meetings, arranging speakers and chairing the meetings.
Medicolegal reporting	<p>I prepared around 350 medico legal reports per annum. The bulk of my work has been for the claimant, but reports for defendants and joint reports have accounted for perhaps 20 % over the past year. In either case I endeavour to write as unbiased a report as possible. I undertake both personal injury and medical negligence work.</p> <p>I have appeared in court as an expert witness.</p>
Examining	<p>Examiner for the MRCS in Glasgow since 2000</p> <p>Examiner for the European Hand Diploma Budapest 2004, Lausanne 2008, Poznan 2009, Bucharest 2010, Oslo 2011, Antwerp 2012, Antalya 2013, Paris 2014, Brescia 2015, Santander 2016.</p> <p>Examiner for the MRCS in Dubai, April 2007</p> <p>Examiner for the BSSH/ University of Manchester Diploma in Hand Surgery 2012 - 2014</p> <p>Co chairman of the examiners for the diploma of the European Board of Hand Surgery 2016 - present.</p>
Peer review	I regularly review submissions to the <i>Bone and Joint Journal</i> . I have also reviewed submissions to <i>Clinical Orthopaedics and Related Research</i> , to the <i>Journal of the Royal College of Surgeons</i> and to <i>The Surgeon</i> .

COURSES ATTENDED:

A & E Course for junior medical staff,
Glasgow Royal Infirmary, August 1981.

Intensive anatomy course,
Royal College of Surgeons, January 1985.

Surgery for the final Fellowship,
Glasgow Royal Infirmary, April 1987.

British Arthroscopy Symposium,
Harrogate, July 1988.

AO basic course,
Nottingham, August 1988

BOA instructional course,
London, January 1989.

Course on replacement hip surgery,
Oswestry, October 1989

George Perkins Symposium - Surgery of the
Shoulder,
London, November 1989

Liverpool Spinal Course,
Liverpool Medical Institution, 1990

Course on the severely injured lower limb,
Liverpool Medical Institution, July 1990.

Course for the degree of M.Ch.Orth,
University of Liverpool, 1990

Course on the wrist,
Harlow Wood Hospital, March 1991

British Dynamic Locking Nail Symposium,
London, June 1991

AO hand course,
Derby Royal Infirmary, October 1992

ATLS course,
Keele University, December 1992

Instructional course,
British Society for Surgery of the Hand,
Autumn meeting,
London, November 1993

Ethicon microsurgery course
Edinburgh, May 1994

The mechanisms and diagnosis of orthopaedic
disease,
University of Liverpool, August 1994

Basic Sciences for the FRCS (Orth) examination,
University of Leicester, October 1994

Day release course in management for senior
registrars,
University of Liverpool, November 1994

Training the Trainers for MATTU Trainers
Wrightington Hospital 27 - 28 October 1995
