Preparing reports with other party	5 done so far
Trial attended	4 in last 13 years

**Present Appointment**

**Associate Specialist, Fractures Unit** March 02 to date

**Royal Victoria Hospital, Belfast**

RVH is the largest tertiary trauma care provider in N Ireland. I have been part of this extremely busy fracture unit since March 2002 as an SAS doctor. I was promoted to Associate Specialist on the basis of the services rendered to this unit in 2009. I do 5 fracture clinics a week on my own in RVH, LVH, and WAH one of them being a knee clinic and another a hip clinic. Each clinic would have about 30+ patients to see. I do 3 operating sessions in RVH. Most of the operating is supervising junior surgeons learning surgery. From time to time I also advise A&E consultants about optimal ways to manage specific

fractures. I am an appraiser for Belfast trust and an examiner for Queens's University final year MBBS students.

I examine patients for medico-legal purposes at the end of these clinics, mainly for solicitors in personal injury claims. I would also prepare reports for insurance companies after examination of notes.

I have completed a postgraduate degree in Medical Law from Cardiff Law School in 2009. I am registered with Lockton LLP who insure my reports for medico-legal practice.

### **My Experience in India**

#### **Registrar (Orthopaedics)**

May 97 to January 99

#### **Holy Family Hospital, New Delhi**

I worked as a Senior Registrar in this 300 bedded multi-specialty Hospital. I was in charge of orthopaedic wards and trauma admissions. I had a free hand in clinics. This period saw me managing high-speed injuries and compound fractures.

#### **Consultant, A&E**

February 94 to May 97

#### **Civil Hospital, District Ludhiana, Punjab, India**

Punjab Govt. employed me for the suburb of Samrala of 70,000 population being served by a 100-bed Hospital. I was in charge of A&E and Orthopaedics and was director for Major Trauma. I was also responsible for medico-legal services and conducting post-mortems in the area. I conducted about 400 medico-legal examinations and about 70 post-mortems in this period.

Finishing off:

I am happy to travel if there are 10 or more clients to examine. I do charge a extra if there are more than 50 pages of medical notes to read. My current waiting time for appointments is 4-6 weeks depending on the location. I am prepared

to undertake home visits. I am prepared to travel up to 50 miles to do this but there will be an extra charge for this. I have provided many clinical negligence reports but charges for such work are likely to be more. Most of my work is claimant based (90%). I am MEDCO registered. I am on the National Expert Witness Agency's list.

My contact details are as below:

Email: drguptani@gmail.com Mob 07876458724

Address: 41 Brackenridge, Dromore County Down BT25 1QF

Following are the addresses where I can see clients:

1. Whiteabbey Hospital Newtownabbey BT37 9RH
