PRESENT APPOINTMENT:

Consultant Cardiologist
Cardiovascular lead for Joined Up Care Derbyshire (NHSE)
University Hospitals of Derby and Burton NHS FT
Royal Derby Hospital
DE22 3NE

PROFESSIONAL BACKGROUND:

I qualified with a BSC in Medical Science from the University of St. Andrews in 1996 where I was president of the Bute Medical Society. I graduated MBChB with Honours from the University of Manchester in 1999 and completed house jobs at the Regional Cardiac Centres of Wythenshawe Hospital, Manchester and Victoria Hospital, Blackpool.

My specialist training was on the North-West cardiology rotation followed by an MD degree in coronary angiogenesis with Professor Tony Gershlick in Leicester awarded in 2010. I completed a 12 month interventional fellowship at the Waikato Hospital, New Zealand's highest volume interventional cardiac unit.

I became a member of the Royal College of Physicians in 2002 and was elected a fellow in 2016.

I was appointed Consultant Cardiologist with a special interest in coronary intervention at Royal Derby Hospital in 2011 and, as clinical lead since 2014, have led in establishing a number of new services including ambulatory heart failure and on-site complex cardiac device implantation.

I was appointed Clinical Director with responsibility for Specialist Medicine within the combined trust since August 2018, am past chair of the East Midlands Cardiac Network Cardiac Advisory Group. In 2020 was elected to the Guidelines and Practice committee of the British Cardiovascular Society, which advises NICE on cardiovascular issues. During 2023 I have co-authored national guideline updates on behalf of BCS/RCP and British Transplantation Society.

CURRENT MEDICAL PRACTICE:

I enjoy a busy and varied NHS general cardiology practice with a special interest in coronary intervention. I participate in a 1:7 24/7 rota for Primary PCI for acute myocardial infarction at Royal Derby Hospital serving a catchment population of approx. 1million population.

My research interests are in the area of acute MI, and I have co-authored a recent paper on the treatment of multi-vessel coronary disease which has changed European and US guidelines (the CvLPRIT trial).

MEDICO-LEGAL PRACTICE AND EXPERIENCE:

I provide expert reports across the range of adult cardiology. *I aim to return reports within 6 weeks of receipt of a complete information bundle from the instructing solicitor.*

I have extensive experience of complaint handling and chairing NHS trust serious incident reviews as clinical lead for cardiology and latterly as clinical director of specialist medicine for University Hospitals of Derby and Burton. I am currently cardiovascular lead for the Derbyshire Integrated Care Board.

I have prepared medico-legal reports since 2017.

The ratio of reports has been approximately 60% claimant, 30% defendant, 10% joint.

I write approximately 30 reports per year.

I have given expert witness evidence in the Coroner's court on 6 occasions. I have attended several conferences with counsel and claimant regarding civil matters, but have not as yet been called to give evidence at trial.

I completed medicolegal training with InspireMedilaw in 2018 and sit on their medical panel. I am also on the medical panel of AvMA. With colleagues I formed a cardiovascular medico-legal chambers www.bolamexperts.co.uk in 2019.

Areas of medico-legal expertise:

I am able to give opinion across the range of adult cardiology with the following special interests: angina, Acute Coronary Syndromes, Myocardial Infarction (heart attack), valvular heart disease; Percutaneous Coronary Intervention (PCI, coronary angioplasty and stenting); assessment for Trans-catheter Aortic Valve Implantation (TAVI).

Medico-legal training

- Inspire Medilaw Expert Witness Training November 2018 and October 2021
- Inspire Medilaw Medical Panel

- Invited Faculty, Action against medical accidents (AvMA) Conference 2018 and 2022
