August 2025

Professional Details

Name	Badri Narayan
Initial communication	email: bn@traumareports.co.uk
Secretary and all commn.	Jill o'Brien jill@traumareports.co.uk Tel: 0151 284 3184 (Mon-Fri, 0900 to 1700)
Postal Address	Trauma Reports PO Box 168 Liverpool, L10 2YW
Consultation Sites	Liverpool, Manchester, Birmingham, Hull, and London
NHS Position	Consultant in Trauma and Orthopaedic Surgery Liverpool University Hospitals Foundation Trust

Medico-legal Experience

I have been in medicolegal practice from 2002.

I hold a post-graduate diploma with commendation in Medical Law, and maintain regular medicolegal CPD.

I am the co-editor of the Lower Limb Section for the next edition of Foy and Fagg's Medicolegal Reporting in Orthopaedic Trauma.

I specialise in providing reports on complex and catastrophic injuries.

Personal Injury (about 175 reports a year)

Specialist Interest:	Complex fractures (upper and lower limb), multiply injured patients, amputations, fractures treated with external fixation, open fractures, compartment syndrome, osteomyelitis and Fracture Related Infection
Claimant: Defendant	About 50:50 for catastrophic injury, amputation, and multiply injured claimants, about 10:90 for chronic symptoms after soft-tissue injuries, and about 85:15 overall.
Court Appearances:	2011, 2016, 2018, many scheduled for 2025-2026.

Clinical Negligence (about 8 reports a year)

Area of expertise:	Complications of fracture treatment, amputations, compartment syndrome, nonunion, malunion.
	Limb Reconstruction Surgery - limb lengthening, deformity correction, osteomyelitis and Fracture Related Infection
Claimant: Defendant	About 60:40 overall, and about 80:20 in the last 3 years
Court Appearances:	called on many occasions, but all settled before hearing.

Clinical Experience

I have been a full-time Consultant in Orthopaedic Trauma and Limb Reconstruction from 2002. I continue to be in full-time practice in both acute trauma, including major trauma.

My specific area of acute trauma expertise is in treating *multiply injured patients*, complex fractures, open fractures, and the use of *external fixation devices* such as Ilizarov frames and Taylor Spatial Frames.

I carry out *limb lengthening, deformity correction*, and regularly treat *osteomyelitis* in both upper and lower limbs.

I treat complications of fractures such as *nonunion, malunion, Fracture Related Infection, joint stiffness and contractures.*

I have a specialist tertiary practice in reconstruction of *foot and ankle problems after neurological injury*, after complications of diabetes, and in the treatment of *complications after amputation surgery.*

I was previously an intercollegiate examiner, Training Programme Director for Orthopaedics, member of the Specialist Advisory Council, and part of Council of the British Limb Reconstruction Society. I was an Examiner Assessor for the Intercollegiate Board and International Surgical Board until 2025.

A full list of my publications can be found here. My full CV is available on request.

Terms of Engagement and Timeframes

I prefer paperless communication. An email detailing any further records required to complete my report is typically sent within 5 working days after the medicolegal consultation.

My approximate turnaround times are:

Personal Injury Reports and Condition and Prognosis Reports: about 42 working days* from the consultation if all records provided prior to appointment, and about 35 working days* after receipt of last set of records needed for report.

Breach of Duty and Causation reports: about 10 to 12 weeks after receipt of all records

Supplementary Reports, Correspondence, CPR Part 35 responses: 30 to 35 working days* after receipt.

working days exclude prebooked annual leave, leave for Court, and professional leave – my calendar for the next 12 months is available on request.
