

CURRICULUM VITAE

Dr Sheela D Shah, Expert Medical Witness and Medical Specialist

I am a GMC-UK-accredited medical specialist in the field of General Internal Medicine of adults and older people and a university certified expert witness in civil procedure. I have been in employment at NHS England hospitals as a consultant physician in neurovascular and stroke medicine for over 25 years while practicing independently as an expert medical witness in civil cases of medical negligence and criminal cases of adult safeguarding for over 10 years.

My NHS professional activities as a stroke neurologist include post-graduate medical education and MRCP examination, quality improvement, audit, and clinical governance in stroke mortality and serious events.

I have not been involved in any convictions or disciplinary issues. I have been compliant with the UK General Medical Council's Code of Good Medical Practice by participating regularly in annual appraisals, 5-year revalidations, and the Royal College of Physician's continued professional development programme.
