WHAT YOU CAN EXPECT FROM PROFESSOR WARWICK'S MEDICOLEGAL PRACTICE

I am in current full time clinical practice as a Fellowship trained and Diploma qualified Hand Surgeon. I have been preparing medical reports for over 24 years- **over 5000 PI reports** and **over 650 Clinical Negligence Reports**. My reports are scrupulously independent of the source of instruction and contain a range of opinion if I see one exists. I appreciate, and comply with, the cost and time pressures associated with litigation. All Claimants are dealt with in a sympathetic and professional manner. I welcome formal and informal discussion with the legal parties to help resolve matters for the Court. My opinion is based upon many years of experience of medicolegal practice with current high-level clinical experience, an exceptional academic practice and up-to-date training in both medico-legal and clinical matters. My medico-legal work is fully indemnified by Sempris.
