## **MEDICOLEGAL PRACTICE**

In my role as Obstetric Risk Management lead consultant at Dorset County Hospital, I investigate clinical risks and medical malpractice including root cause analysis of serious untoward incidents, and child death reviews. I have also provided oral evidence in a coroner's court. I hold the Cardiff University Bond Solon (CUBS) Expert Witness Certificate in Civil Law.

## **CLINICAL PRACTICE AND EXPERIENCE**

I am a Consultant Obstetrician and Gynaecologist at Dorset County Hospital NHS Foundation Trust, a position I have held since 2011, and I have been practising obstetrics and gynaecology for over 25 years since qualification.

At Dorset County Hospital I am the lead clinician for Minimal Access Gynaecological (keyhole) Surgery. Whilst there, I have introduced new surgical procedures including Total Laparoscopic Hysterectomy and Laparoscopic Resection of Endometriosis. I routinely perform general gynaecological surgical procedures including abdominal and vaginal surgery. I also manage complex pregnancy, postnatal problems and childbirth including caesarean sections and instrumental deliveries.

I teach at the Royal College of Obstetricians and Gynaecologists including training doctors in laparoscopic/ hysteroscopic skills and emergency obstetrics including instrumental deliveries and shoulder dystocia. I have presented scientific research papers at both national and international meetings, and have published articles in scientific journals in the field of minimal access surgery.

## **ACHIEVEMENTS AND AWARDS**

Five Clinical Excellence Awards at Dorset County Hospital

## **MEMBERSHIP OF LEARNED BODIES AND MEDICAL REGISTRATIONS**

- General Medical Council UK, registration number 6041599
- National Register of University Certificated Expert Witnesses
- Medical Defence Union
- Royal College of Obstetricians and Gynaecologists
- British Society of Gynaecologic Endoscopy
- European Society of Gynaecologic Endoscopy

## **PUBLICATIONS**

Thomson AJ, Shoukrey MN, Gemmell I, Abbott JA. *Standardising pneumoperitoneum for laparoscopic entry. Time, volume, or pressure: which is best?* J Minim Invasive Gynecol. 2012 Mar-Apr;19(2):196-200.

Shoukrey M. N., Fathulla B. I., Al Samarrai T.. September 2008. *Hysteroscopy training in the UK: the trainees' perspective*. Gynecological Surgery 5 (3), 213-219

Shoukrey M. N. , Fakokunde A. F., Whitlow B., Evans-Jones J. C.. September 2005. *Postpartum transcervical endometrial resection under laparoscopic control for retained degenerated products of conception*. Gynecological Surgery 2 (3), 201-203

Israfilbayli, F., Shoukrey, M., Kadva, A., May 2008. *Benign cystic mesothelioma presenting as a solitary nonattached cyst in the pouch of douglas*. Gynecological Surgery 5 (2), 151-153.

Nair, R.R., Shoukrey M.N., Whitlow B.. September 2007. *Presacral dermoid: now you see it now you don't*. Gynecological Surgery 4 (3), 229-231.

## **RESEARCH**

Principle investigator of the 'Elagolix endometriosis study' at Dorset County Hospital which was an international multi-centre randomized control trial on the use of Elagolix in the treatment of moderate to advanced endometriosis related pain (2014-2016).

Principle investigator of the 'MEDAL' research study at Dorset County Hospital. The aim of this study was to assess pelvic pain in women'. This is a multi-centre study comparing laparoscopy and MRI in diagnosis of endometriosis. (2012-2013).

As part of the MSc in advanced gynecologic endoscopy I have completed a 15,000 word dissertation titled 'Laparoscopic supracervical hysterectomy compared to other forms of hysterectomy: a meta-analysis and systematic review.'

Principle investigator of research titled 'The Sure Harmonic Study: Comparison of the Harmonic Scalpel to LigaSure in Total Laparoscopic Hysterectomy'. I had obtained ethical approval for this study from the ethics committee at the Princess Alexandra Hospital.
