Subfertility and reproductive health

## **Advanced laparoscopy workshops and training experience**

### **International:**

- 2023 ESGE Regional Endometriosis Workshop, Istanbul
- 2022 BSGE-Intuitive Davinci Robotic assisted laparoscopic surgery workshop, Oxford
- 2021 BSGE -Robotic surgery in gynaecology workshop
- 2020 BSGE Laparoscopic Cadaver course
- 2019 Gynaecology Expert Training for Upcoming Professionals (GET UP), Olympus sponsored, Rome
- 2019 Laparoscopic wet lab workshop, Joint BSGE/Ethicon, Johnson & Johnson institute, Hamburg.
- 2012 Gynaecological endoscopic surgery (Hysteroscopy), Alexandria Endoscopy association.
- 2012 Advanced endoscopic surgery (Endoscopy & fertility), Alexandria Endoscopy association.

### **National:**

- 2018 Masterclass in operative hysteroscopy, Medtronic, Derby.
- 2018 Laparoscopic cadaver course, Joint BSGE/Ethicon, Newcastle.
- 2018 Laparoscopic suturing and live skills, Joint BSGE/Ethicon, Guildford.
- 2018 Total Laparoscopic Hysterectomy masterclass, Sheffield.
- 2017 Laparoscopic Hands On Training (HOT)-Laparoscopic suturing, BSGE, Hull.
- 2014 Diagnostic and operative hysteroscopy, Joint BSGE/RCOG, London.

## **Presentations**

### **National:**

- Safe entry Techniques; Patient selection and Risk Factors Assessment in Tailoring Individual Patient-Based Laparoscopic approaches. BSGE Silver Jubilee meeting in 2015, London.
- Vulvar Fibroadenoma; A rare case report. BSSVD annual meeting in 2017, Sheffield.
- Laparoscopic versus abdominal radical hysterectomy for patients with early stage cancer of the cervix. Assessment of performance and quality improvement. BGCS annual meeting in 2017, Glasgow.

### **International:**

- Hysteroscopic versus laparoscopic sterilization; safety, efficacy and Patient selection. ESGE 24<sup>th</sup> annual meeting in 2015, Budapest.

# **Karim Abdallah**

**Consultant Gynaecologist**

**MBBCH, MRCOG, MIGS**

**GMC: 7295782**

**Email: Abdallah.ka@yahoo.com**

- Techniques of Endometrial ablation in modern gynaecology. ESGE 24<sup>th</sup> annual meeting in 2015, Budapest
- Endometriosis Associated Pain, how can we help? ESGE 27<sup>th</sup> annual congress in 2018, Vienna.
- Laparoscopic excision of ovarian Dermoid cyst. ESGE 27<sup>th</sup> annual congress in 2018, Vienna.
- Laparoscopic retrieval of missed Mirena coil. ESGE 27<sup>th</sup> annual congress in 2018, Vienna.

## **Continuing Professional Development (CPD)**

I keep an up-to-date RCOG CPD portfolio. I have successfully accrued and exceeded the number of points required for every cycle.

## **Surgical Experience**

- Accredited advanced laparoscopic surgeon by European Society of Gynaecological Endoscopy
- Accredited advanced endometriosis surgeon by British Society of Gynaecological Endoscopy
- **800+** Laparoscopic and open surgical procedures for benign gynaecological conditions including laparoscopic and open treatment of Endometriosis (mild, moderate and severe), laparoscopic and open hysterectomy, laparoscopic and open ovarian cystectomy, surgical treatment of ectopic pregnancy, laparoscopic and open removal of tubes and ovaries, laparoscopic sterilization, surgical treatment of pelvic abscess and laparoscopic and open adhesiolysis procedures
- **600+** Hysteroscopic procedures both inpatient and outpatient including diagnostics, removal of polyps, resection of fibroids, endometrial ablation and retrieval of missed Intrauterine contraceptive devices

## **Professional bodies**

Membership of the Royal College of Obstetricians and Gynaecologists (**RCOG**)

Membership of the British Society for Gynaecological Endoscopy (**BSGE**)

Membership of the European Society for Gynaecological Endoscopy (**ESGE**)

Membership of the Internal Society for Gynaecological Endoscopy (**ISGE**)

Membership of the European League of Endometriosis (**EEL**)

**Email: Abdallah.ka@yahoo.com**

Membership of the British and Irish Association of Robotic Gynaecological Surgeons (**BIARGS**)

**Happy to take instructions on the following conditions and surgical interventions:**

- Irregular, heavy and painful periods,
- Endometriosis and adenomyosis
- Endometrial polyps and fibroids
- Ovarian cysts,
- Pelvic inflammatory disease,
- Ectopic pregnancy
- Early pregnancy complications (Miscarriages, ectopic pregnancy, pregnancy of unknown location, hyperemesis gravidarum)
- Ovarian cysts accidents (Torsion, ruptures and haemorrhage)
  
- Open and laparoscopic hysterectomy
- Surgical treatment of all grades of endometriosis
- Surgical treatment of adenomyosis
- Open and laparoscopic ovarian cystectomy
- Laparoscopic sterilization
- Open and laparoscopic removal of tubes and ovaries
- Laparoscopic and open management of ectopic pregnancy
- Open and laparoscopic management of ovarian torsions
- Open and laparoscopic management of pelvic abscess
  
- Diagnosis and treatment of heavy, irregular, and painful periods.
- Diagnosis and treatment of endometrial polyps
- Hysteroscopic resection of fibroids
