Medico-legal experience:

I have been preparing medico-legal reports for over twenty years now. I write approximately 250 reports a year, mostly for the claimants. I have been involved in preparing joint reports on a number of occasions successfully. I have attended the court a couple of times for the reports. I have had training in Court appearances by attending Medico-legal courses in London, Edinburgh and Oxford run by Specialist Courses. I have also attended several courses on court room training run by Medical Protection Society.
