Mission Statement

Mr Ragoowansi accepts instructions for personal injury claims and provides clear, balanced medico-legal reports for solicitors acting on behalf of both claimants and defendants.

Medicolegal and clinical background

- Renowned expert in Plastic, Reconstructive and Hand/Wrist Surgery, Senior Consultant at Barts Health NHS Trust.
- Over 20 years of experience in Medico-Legal reports and acting as an expert in Clinical Negligence cases.
- Contemporary clinical and surgical skills with up-to-date knowledge, measured and collegiate decision-making.
- Warm, professional, and polite bedside manner.
- Reports are thorough, precise, evidence-based, and fair.
- Efficient administration staff ensuring seamless service from consultation to report delivery with rapid query turnaround.

Medico-Legal Expertise

- Completes 120-150 medico-legal reports annually, majority relating to Personal Injury (RTAs, workplace trauma, domestic injuries, assaults).
- Report profile: 65% claimant, 30% defendant, 5% joint.

- Personal Injury cases: Hand & Wrist surgery, skin lacerations and scars, burns and scalds, aesthetic surgery (breast and body contouring).
 - Clinical Negligence cases: causation, prognosis, or both; 3-7 carefully vetted cases per year.
-

Outpatient Venues & Facilities

- Patients/clients seen within 3-4 weeks of instruction, within and out of hours: NW8, W1, IG4.
 - Minors (<16 years) seen with paediatric nurse at Hospital of St John's & St Elizabeth's, NW8.
 - Disabled access and interpreter facilities available on request.
 - Venues:
 - 101 Harley Street, London, W1G 6AH – minors and adults
 - Hospital of St John & St Elizabeth, NW8 – minors and adults
 - Spire East London Hospital, IG4 – adults only
 - Report turnaround: 3-4 weeks after consultation.
 - Efficient office for scheduling and court date management.
 - Home and Prison visits accepted
-
