Consultant Trauma and Orthopaedic Surgeon (locum), Tunbridge Wells and Maidstone Trust

Specialist interest

I have a sub-specialist interest hand and wrist practice, treating all hand injuries, and the consequences of hand, wrist and upper limb trauma following both operative and non-operative care.

I also specialise in elective, planned surgery, including nerve compression, tendinopathy and degenerative conditions of the hand and wrist for both children and adults. I regularly operate and manage general trauma covering both upper and lower limb cases.

I have additional expertise in the following areas, with published research, or invited to lecture on:

- Nerve injury
- Hand fractures
- Hand injuries
- Hand infection
- Wrist injuries
- Wrist fractures
- Arm injuries
- Children's injuries
- Arthritis
- Compartment Syndrome
- Necrotising fasciitis
- Pathological fractures
