SUMMARY

I am a Chartered Consultant Clinical Neuropsychologist with over ten years of experience working across inpatient, outpatient and community settings within the NHS and in the private sector. I have provided neuropsychological expertise in the highly regarded multi-disciplinary Brain Injury Clinic at the National Hospital for Neurology and Neurosurgery, Queen Square. I gained a distinction for the Qualification in Clinical Neuropsychology; providing the highest level of accreditation for clinicians practising in neuropsychology in the UK. I have published several academic research papers in peer-reviewed scientific journals. I provide high-quality expert reports in civil cases, particularly in areas of brain injury, personal injury and psychological distress. I have undertaken further formal expert witness and medicolegal training through Bond Solon, providing thorough knowledge of Civil Law and Procedure, report writing and cross-examination and courtroom skills.
