

Curriculum Vitae

Of

Mr Sudeendra Doddi

Summary of Curriculum Vitae:

I have been a Consultant Breast, Endocrine and General Surgeon in a leading London Teaching Hospital since 2016. I'm on the Specialist Register of the GMC as a General surgeon. I have practicing privileges at Circle Health and Phoenix Hospitals. I'm up to date with my appraisal, revalidation, mandatory training, and immunisation. I submit my outcome data to the relevant organisations. I have strong engagement with multi-disciplinary and Audit meetings. I'm actively engaged in undergraduate and postgraduate teaching and training. I'm Educational Supervisor for Medical students, Foundation Doctors, and Specialist Registrars. I publish in peer-reviewed journals on a regular basis. Patient safety is my top priority and I get along well with my colleagues. I'm a MEDCO accredited Direct Medical Expert. I am a Cardiff University Bond Solon certified Expert Witness (Full Civil) .

Care of Critically ill Surgical Patient: 2015

Teaching the Teachers Workshop: 2015

Keele Clinical Management/Leadership Course for SpRs/STs: 2015

Thyroid course, European Surgical Institute, Hamburg: 2013.

Breast Reconstruction Course: 2013

Laparoscopic Suturing and Anastomoses Course: 2012

Laparoscopic Core Surgical Skills and Basic Laparoscopic Suturing Course: 2012

RESEARCH EXPERIENCE

1. MSc in Advanced and Specialist Healthcare (Minimally Invasive Surgery), University of Kent: 2014.
2. Completed the online course 'Introduction to GCP e-learning (Secondary care)' by National Institute of Health Research.
3. Participant in Mammo-50 trial and MARECA trial.

PUBLICATIONS

1. Measurement of malignant spiculated mass lesions on mammogram

Do we include the length of the spicules?

Bhatia, Mohit; Ahmed, Rizwan; Nagarajakumar, Anupama; Alani, Azhar¹; Doddi, Sudeendra; Metafa, Anna

Journal of Cancer Research and Therapeutics (); September 09, 2022.

2. Is it Possible to Predict Non Sentinel Node Positivity on the Basis of mRNA Copy Numbers of CK19 Receptor in Breast Cancer?

Sharma RD, Sharmin A, Sinha A, Solomon A, Huynh I, Alani A, Nagarajakumar A, Kasem A, Doddi S. Clin Breast Cancer. 2021 Jan 23:S1526-8209(21)00024-0. doi: 10.1016/j.clbc.2021.01.012.

3. A hip fracture nurse specialist has a positive outcome on the length of stay for patients with hip fractures.

Kohli S, Bawa A, Crooks S, Nagarajakumar A, Brooker J, Doddi S.

G Chir. 2019 Nov-Dec;40(6):551-555

4. Combined ultrasound and Sestamibi scintigraphy provides accurate preoperative localisation for patients with primary hyperparathyroidism.

Scattergood S, Marsden M, Kyrimi E, Ishii H, **Doddi S**, Sinha P.

Ann R Coll Surg Engl. 2019 Feb;101(2):97-102

5. The final outcome of indeterminate cytology of thyroid nodules in a District General Hospital.

Doddi S, Chohda E, Maghsoudi S, Sheehan L, Sinha A, Chandak P, Sinha P. G Chir. 2015

May-Jun; 36(3):122-7.

6. Pre-operative ultrasound for breast tumour measurements: is there potential for mismanagement?

Doddi S, Singhal T, Maghsoudi S, Sinha P, Desai AJ.

G Chir. 2013 Jan; 34(1-2):6-10.

7. A single institution experience with skin sparing mastectomy and immediate breast reconstruction.

S Doddi, T Singhal, A Kasem, A Desai.

Annals of the Royal College of Surgeons of England 2011; 93:382-384

Presentations:

1. Do all node positive breast cancer patients require axillary clearance after neo-adjuvant chemotherapy (NAC)? A 4-year retrospective study. Poster presentation at the ASiT Conference in Edinburgh , April 2018
2. Lymph node positivity after axillary clearance in patients who were node positive at diagnosis and underwent neo-adjuvant chemotherapy for breast cancer. Poster presentation at the International Surgical Congress, ASGBI,Liverpool, May 2018.
3. Surgery for Indeterminate Thyroid Cytology - a 10 Year Audit. Poster presentation-first author: ASiT Conference 31st March -2nd April 2017, Bournemouth.
4. Positivity rates of Non-sentinel lymph nodes (NSLN) after Sentinel lymph node (SLN) analysis by OSNA (One Step Nuclear Acid Amplification) in patients with breast cancer. Oral Presentation-first author: ASiT Conference 31st March -2nd April 2017, Bournemouth.
5. Do we need a nomogram to predict metastasis in Non-Sentinel Lymph nodes (NSLN) after One Step Nucleic acid Amplification (OSNA) analysis of Sentinel Lymph nodes (SLN) in breast cancer? – a 5 year audit. Short Paper Oral Presentation-first author and presented. ASGBI International Surgical Congress, 3rd May -5th May 2017, Glasgow.
6. A ten year audit of the final histology of diagnostic thyroid lobectomy. Short Paper Oral Presentation-first author. ASGBI International Surgical Congress, 3rd May -5th May 2017, Glasgow.
7. P.Arya, S. Doddi, A.Sinha, A.Desai, P.Sinha
Axillary recurrence in breast cancer patients who had One-step Nucleic acid amplification (OSNA) for Sentinel lymph node analysis.
Short paper oral presentation at the ASGBI conference 2016.

AUDITS

1. An audit of consenting practices in a district general hospital. Can we improve?

Chohda E, Doddi S, Sundaramoorthy S, Manton RN, Ahad A, Sinha A, Khawaja H
G Chir. 2016 Nov-Dec;36(6):263-6. PubMed PMID: 26888702.

2. Department of general surgery handover: the combined weekend list. F.Kum,M.Liu,S.Doddi. Br J Surg 2013; 100 (Suppl. 7): 54-97

(Oral. ASGBI conference 2013)

3. Determine if the weight of diagnostic excision specimens of breast lesions are compliant with the guidelines of the British Association of Surgical Oncology (20 grams)

TEACHING AND TRAINING

Honorary Senior Clinical Lecturer, Kings College Medical School

Royal College Faculty for CCrISP course .

GMC accredited National Trainer.

Clinical advisor, Kings College: 2013-2016

Surgery Lead and Educational supervisor for Phase 5 medical students(Kings College)

Educational supervisor for Foundation doctors
