

Curriculum Vitae

Name	▪ Mr Gregory Scott McMahon
E-mail	▪ enquiries@knightsmedical.co.uk
Telephone	▪ 0333 577 5504
Nationality	▪ British
GMC Number	▪ 4732455

Education & Qualifications

Apr 2013	▪ Diploma in Mentoring in Healthcare Organisations, Medical Education, DeMontfort University
Feb 2012	▪ Fellowship of the Royal College of Surgeons of England (FRCS Gen Surg)
Jul 2011	▪ Doctor of Medicine (MD, highly commended), University of Leicester
Jul 2005	▪ Membership of the Royal College of Surgeons of England (MRCS)
Jul 2000	▪ Bachelor of Medicine and Bachelor of Surgery (MBChB, with merit), University of Leicester

Recent Employment

Honorary Senior Lecturer in Medical Education

Dec 2018 - ▪ University of Leicester

Consultant Vascular & Endovascular Surgeon

Dec 2017 - ▪ University Hospitals of Leicester NHS Trust

Consultant Vascular & Endovascular Surgeon

Jan 2015 - Nov 2017 ▪ Derby Teaching Hospitals NHS Foundation Trust

Clinical Fellow

Oct 2013 - Oct 2014 ▪ *Vascular Surgery*, Christchurch Hospital, New Zealand

Research

Formal research

- University of Leicester for the degree of Doctor of Medicine (MD, highly commended and short-listed in the final three considered for the Ian Lauder Prize for best thesis at the Medical School). Examined by thesis and viva.

Achievements & Prizes

- Oct 2013**
 - First prize for best oral presentation, inaugural annual general meeting of East Midlands General Anaesthetists in Training for “Green AJ, Towner S, **McMahon G**, Wood T. *An assessment of local compliance with the abdominal aortic aneurysm quality improvement programme (AAAQIP)*”
- Aug 2013**
 - University Hospitals of Leicester NHS Trust Audit Prize for best audit in General and Vascular Surgery for “An audit of local adherence to the Department of Health and Royal College of Surgeons of England guidelines for the management of emergency surgical patients”
- Aug 2011**
 - Final three shortlist for the University of Leicester Medical School Lauder Prize for Best MD candidate
- Nov 2009**
 - Sol Cohen (Founder’s) Prize for best clinical paper presented at the Annual Meeting of the Vascular Society of Great Britain and Ireland
- Nov 2006**
 - Sol Cohen (Founder’s) Prize for best clinical paper presented at the Annual Meeting of the Vascular Society of Great Britain and Ireland
- Jul 2000**
 - Award of MERIT in the Final Professional Examination
- Sep 1999**
 - Award of MERIT in Report of Elective Study
- Dec 1997**
 - Award of MERIT in undergraduate examination of Science Special Study Modules

Professional Background

I graduated with merit from the University of Leicester Medical School in 2000 and undertook general surgical and vascular surgical training in the East Midlands. I completed a period of formal research with Professors Ross Naylor and Alison Goodall at the University of Leicester, studying the behaviour of platelets during carotid endarterectomy; my MD was awarded in 2011. I was admitted to the specialist register of the GMC in 2013, having gained the Fellowship of the Royal College of Surgeons of England in 2012. I completed a 12 month post-certification fellowship in advanced open and endovascular surgery in Christchurch, New Zealand between 2013 and 2014, and took up a substantive consultant vascular surgery post at the Royal Derby Hospital in 2015. I moved to Glenfield Hospital at University Hospitals of Leicester NHS Trust in 2017, and alongside my busy tertiary NHS vascular surgery practice, I have been leads for morbidity & mortality and undergraduate education. I am also the clinical director of the Leicester, Leicestershire and Rutland National Abdominal Aortic Aneurysm Screening Programme (NAAASP).

Medico-legal Practice

I am able to provide expert reports across the breadth of adult vascular and endovascular surgery, including the lower limb and vascular complications of diabetes. I have experience in patient concerns, claims and complaints as the local lead for morbidity and mortality within vascular surgery. I have undertaken formal expert witness training.

Membership of Medical Societies

- Royal College of Surgeons of England
- Vascular Society of Great Britain & Ireland
- British Society of Endovascular Therapy
- Leicestershire Medicolegal Society
