7 November 2006

Medicolegal **Cert MR** – Certificate in Medical Reporting, UK - April 2013
MedCo Mandatory Accredited Training, UK

Subspeciality interests Foot & Ankle Surgery, Trauma, Lower Limb

GMC Registration

No: 4187103

Full Registration on Specialist Register ,Trauma & Orthopaedic

Clinical Orthopaedic Experience

I have been practising Trauma and Orthopaedics since 1987. I have been exposed to diagnosis and management of a wide range of trauma and Orthopaedic conditions over that period. I have participated in over 15,000 Trauma / elective Orthopaedic operations during my career. I have published in international journals. I have presented in International and National conferences.

Subspeciality interests: Foot & Ankle Surgery, Trauma, Lower Limb

Medicolegal Experience

I undertake preparation of Personal Injury and Clinical Negligence reports.

I have been preparing medicolegal reports (Personal Injury) since 1998. On an average I produce over 150 medical reports a year. I am conversant with CPR 35 and its associated Practice Direction (PD 35). I have provided reports for both claimant and defendant organisations. I have been appointed both on an agreed and joint basis. To the best of my knowledge, my work is probably balanced 70/30 in claimant favour. I have attended medicolegal seminars and was on the faculty of the Peterborough Medicolegal symposium. I have attended Clinical Negligence courses (Core & Advanced, Premex). I have held joint conferences with other medical experts, solicitors, and counsel. I have prepared numerous joint statements with other experts. I am familiar with Court proceedings. I am on the expert panel of various solicitors as well as agencies such as Premex, Premier Medical, Doctors Chambers, Mobile Doctors UK Independent Medicolegal Reporting, Speed Medical Services

Sub Specialist Medicolegal /Surgical Interests:

Foot and ankle

Whiplash injuries

Limb fractures

Industrial accidents, RTA

Lower Limb injuries

Trauma in general

Clinical Negligence

- Number of completed clinical negligence reports annually – approx 6 to 10.
- Year you commenced writing clinical negligence reports 2017
- What type of clinical negligence reports do you specialise in – Breach of duty, Causation, Condition and prognosis
- Court experience - how many times have you had to give evidence? – none for clinical negligence
- Your claimant/defendant/joint ratio for clinical negligence cases. Mainly for claimants.

Fellowships:

1. **Clinical Fellowship Foot and Ankle Surgery**, March 2008, Royal Bournemouth Hospital
2. **AO Trauma Fellowship**, Jan & Feb 1995 (6 weeks), Karlsruhe, Germany

3. **Paediatric Orthopaedic Fellowship**, 1995 -1996, 10 months. Royal Hospital for Sick Children, Glasgow.
4. **Clinical Research Fellowship**, 2003-2004, 12 months, University Hospitals of Coventry and Warwickshire.

Dissertation for Postgraduate Qualification - MS Orthopaedics

A study of intra-articular fractures of the upper end of tibia.

Educational / Mentor positions:

1. Educational Supervisor for junior doctors
2. Clinical Supervisor for junior doctors
3. Clinical supervisor for clinical fellows
4. Clinical supervisor for specialist nurses / physiotherpists
5. Consultant Mentor for newly appointed consultants

Membership of Professional Bodies

1. Association of Personal Injury Lawyers (APIL)
2. British Medical Association
3. Medical Defense Union
4. British Orthopaedic Foot and Ankle Society
5. General Medical Council – Full registration – Principal list.
6. Fellow – Royal College of Physicians and Surgeons of Glasgow.
7. British Orthopaedic Association
