PROFILE

Bond Solon-certified Expert Witness and HCPC-registered Consultant Dietitian with over 15 years' experience across the NHS, private sector, and international healthcare settings.

Experienced in providing CPR Part 35-compliant expert opinion in medico-legal cases involving:

- Paediatric growth faltering / failure to thrive
- Enteral/parenteral nutrition and feeding protocols
- Malnutrition in hospital or care home settings
- Post-surgical nutrition-related complications

Reports submitted to legal proceedings across England & Wales, Scotland, and the Republic of Ireland.

DIETETIC EXPERIENCE

Expert Witness – Dietetics & Nutrition (2018–Present)

Over 20 CPR Part 35-compliant reports submitted to legal proceedings in England & Wales, Scotland, and the Republic of Ireland. Instructed by claimant and defendant solicitors in cases involving:

Faltering growth / failure to thrive
Enteral and parenteral feeding
Malnutrition and nutrition-related complications
Clinical negligence and personal injury
Provided expert opinion in two criminal paediatric cases involving alleged dietary neglect and feeding refusal, including instructions supported by the Crown Prosecution Service and police

Prior Clinical Roles (2010–Present)

Consultant Dietitian at King Edward VII's Hospital, London
Previous NHS Dietitian in multiple inpatient and outpatient roles including niche fields such as secure mental health.

Academic Roles (2010–2015)

Lecturer in Undergraduate and Postgraduate Dietetics, at London Metropolitan University, guest lecturer at Kings College and Loughborough University
Led clinical placement supervision for dietetic and nutritionist students across UK hospitals and industry
