Professional Profile

I am a highly experienced beauty and aesthetics practitioner and educator with over 15 years in the industry, including leadership and training roles in both the commercial and medical aesthetics sectors. As a qualified Expert Witness, I provide clear, impartial, and robust reports in line with CPR Part 35 for cases involving permanent makeup (PMU), Post Surgical and Medical Tattooing, Non-Surgical Facial Aesthetics, and industry standards.

My work is driven by a commitment to safety, ethical practice, and the elevation of standards in a largely unregulated field. I have worked with leading luxury and clinical brands, trained under prestigious academies, and provided medical tattooing in partnership with BUPA and NHS hospital units.
