## PERSONAL STATEMENT

I am working as a Neuro-Rehabilitation Consultant since June 2012 and currently working at James Cook University Hospital. I provide Neuro-Rehabilitation input to inpatients, outpatients and also patients in the community. I cover a private neuro-rehab units in the North East and also support some medico-legal clients as a private treating clinician. I have been actively involved in service development, teaching, training and research activities. I am an elected executive member of British Society of Physical Rehabilitation Medicine (BSPRM) and chair of Vocational Rehabilitation Specialist interest Group (VRSIG) of BSPRM. I am working with DWP and have trialled new PIP assessment forms and also involved in teaching/training PIP assessors. I have been a committee member of Northern Acquired Brain Injury Forum (NABIF) for the last few years and also involved in meetings/discussion with the local ICB team.

I have developed a special interest in Medico-legal work for Neuro-Rehabilitation clients and work closely with legal firms to provide thorough assessments and reports within the specified time period. I have been involved in medico-legal and private work since 2016. I also provide input as a Treating Rehabilitation Medicine Consultant to Medico-legal clients in the North East and surrounding areas.

My special area of interest includes:

- Rehabilitation of Brain Injury patients (including mild brain injury and concussion).
- Meningitis
- Cerebral palsy.
- Spinal Cord Injury.
- Cauda Equina.
- Amputee/Prosthetic rehabilitation.
- Complex Major/Poly Trauma patients.
- Spasticity management (including Botulinum toxin interventions).
- Pain management.
- Prognosis & Life Expectancy
