

Emily Brader
Specialist Physiotherapist
HCPC Reg No. PH107488

PROFESSIONAL PROFILE

I am currently a Specialist Prosthetic and Orthotic Physiotherapist at Dorset Orthopaedic Company Limited. I have over 10 years' experience in amputee rehabilitation across the NHS and private healthcare settings, treating patients with limb difference and amputation, including osseointegration. I employ a holistic approach to treatments, including manual therapy, functional rehabilitation and education for patients. I also undertake independent expert witness work, providing professional physiotherapy assessment, clinical opinion and written expert reports, including ongoing cost projections, for legal proceedings.

CLINICAL EXPERIENCE

Specialist Amputee & Prosthetic Physiotherapist - *Dorset Orthopaedic Co, February 2019 – present*
Working closely with prosthetists and orthotists to assess and manage patients with amputations and/or limb differences. Specifically providing intensive, individualised residential and outpatient prosthetic and orthotic rehabilitation, completing component trials and pre-amputation assessments, whilst regularly liaising with case managers and solicitors through updates and reports. Also completing comprehensive and timely medicolegal reports.

Senior Rotational Physiotherapist - *Sherwood Forest Hospitals NHS Foundation Trust, May 2017 – February 2019*

Completing rotations across both in and outpatient settings, with the majority of time spent in the Amputee Rehabilitation Team assessing and treating patients on their amputee rehabilitation journey. This role incorporated further responsibility of supporting junior staff and carrying out managerial duties e.g. audits and service improvements.

Specialist MSK Physiotherapist - *Progress Physiotherapy & Sports Injury Clinic, September 2017 – August 2018*

Assessing a range of musculoskeletal complaints and sports injuries and delivering individualised treatment plans with various treatment modalities and exercise prescription.

Junior Rotational Physiotherapist - *Barnsley Hospital NHS Foundation Trust, June 2015 – May 2017*

Working across core specialities including orthopaedics, neurology, amputee rehabilitation, critical care and MSK physiotherapy.
